

PRIMARY 6 SOCIAL AND CITIZENSHIP STUDIES SCHEME OF WORK

FIRST TERM

Week	Topic	Content
1	Advanced Leadership Concepts	Leadership styles - democratic, autocratic, laissez-faire; Servant leadership; Transformational leadership; Leadership in different contexts; Developing leadership skills
2	Civic Responsibilities of Citizens	Constitutional responsibilities; Paying taxes; Obeying laws; Voting in elections; Community service; National development
3	Social Justice and Equality	Understanding social justice; Equality before the law; Gender equality; Fighting discrimination; Human dignity; Social inclusion
4	Active Citizenship and Participation	Meaning of active citizenship; Civic engagement; Youth participation in governance; Advocacy; Making your voice heard
5	MIDTERM EXAMINATION	Assessment of topics covered in weeks 1-4
6	MIDTERM BREAK	Rest and relaxation period
7	National Culture and Identity	Nigerian cultural heritage; Unity in diversity; National symbols and their meanings; Cultural pride; National integration
8	Values, Norms and Social Cohesion	Core Nigerian values; Cultural norms and their evolution; Building social cohesion; Tolerance and peaceful coexistence; Modern vs traditional values
9	Advanced Good Governance Concepts	Accountability and transparency; Rule of law; Participation and representation; Effectiveness and efficiency; Anti-corruption measures
10	Citizen Oversight of Government	Ways citizens monitor government; Freedom of information; Civil society organizations; Media's role; Public accountability
11	REVISION	Review of all topics covered; Practice exercises; Question and answer sessions
12	EXAMINATION	End of term assessment
13	CLOSING	Report card distribution; Vacation assignment

PRIMARY 6 SOCIAL AND CITIZENSHIP STUDIES LESSON NOTES

FIRST TERM

WEEK 1: ADVANCED LEADERSHIP CONCEPTS

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define leadership and mention three leadership styles.
2. Differentiate between democratic and autocratic leadership.
3. Explain the concept of "Servant Leadership."
4. List three qualities of a transformational leader.

CONTENT

1. Meaning of Leadership Styles

Leadership is the ability to guide, direct, or influence people to work together to achieve a common goal. Think of a leader like the captain of a football team, the head prefect in your school, or the conductor of a bus. They help the group move in the right direction. A **Leadership Style** is simply the *way* a leader chooses to guide people. It is their pattern of behaviour when they are in charge.

2. Types of Leadership Styles

Let's look at three common styles with examples you see every day.

- **Democratic Style:** This is the "Let's decide together" style.
 - The leader asks for the ideas and opinions of the people they are leading. They listen and often let the group vote to make a decision.
 - **Why it's good:** It makes people feel valued and happy to cooperate.
 - **Example:** Your class teacher asks, "Should we have a reading corner or an art corner in our classroom?" and lets the class vote. The class monitor asking for suggestions on how to keep the class clean is also being democratic.
- **Autocratic Style:** This is the "Do it because I say so" style.

- The leader makes all decisions alone. They give direct orders and expect everyone to obey without question.
- **Why it can be a problem:** It can make people feel unhappy, ignored, and less willing to do their best.
- **Example:** A traffic warden blowing a whistle and directing all cars to stop. A strict father who says, "You must finish your homework before playing, no discussion!"
- **Laissez-Faire Style:** This is the "You can do whatever you like" style.
 - The leader gives very little guidance or direction. They allow the group members to make most decisions on their own.
 - **Why it can be a problem:** Without clear guidance, people can become confused, lazy, or start arguing because no one is in charge.
 - **Example:** A teacher who gives a group project but does not check on the groups or help them organise. The project might not get done well.

Style	How Leader Acts	Example in School
Democratic 	Asks for ideas/votes.	Class voting on a game. 
Autocratic 	Gives orders only.	Head teacher announcing a new rule. 
Laissez-Faire 	Allows freedom.	A group leader who doesn't guide his team. 

3. Servant Leadership This is a special and powerful style of leadership. A **Servant Leader** sees themselves first as a helper or servant to the people they lead. Their main goal is to make sure their followers are successful, safe, and happy.

- They **listen carefully** to people's problems.
- They **empathise** (try to feel what others are feeling).
- They put the **needs of others before their own**.
- **Real-life Example:** A good school principal who visits every classroom to see if the pupils have enough books and chairs, not just sitting in the office. A mother in a family is often a servant leader, caring for everyone's needs first.

4. Transformational Leadership These are leaders who create positive change. They **inspire** people to work harder, dream bigger, and become better than they thought they could be. They are like coaches who encourage their players to break records.

- **Qualities of a Transformational Leader:**
 - a. **Visionary:** They have a clear, exciting picture of the future (e.g., "We can be the neatest class in the school!").
 - b. **Inspirational:** They encourage and motivate people with their words and actions.
 - c. **Supportive:** They help people learn and grow. They celebrate when their team does well.
- **Example:** A teacher who believes in a struggling pupil, gives them extra encouragement, and helps them become a top student is acting as a transformational leader.

EVALUATION

1. If a leader makes all decisions alone without asking for opinions, what leadership style are they using?
2. Describe one situation in your school where a democratic leadership style would be useful.
3. How is a Servant Leader different from an Autocratic leader?
4. Why can the Laissez-Faire style sometimes lead to a failed project?
5. If a football captain motivates his losing team to play better and win, which leadership quality is he showing?

ASSIGNMENT

1. **(Oral Task):** Tell your parent or guardian about the three main leadership styles. Ask them which style they see most at their workplace.
 2. **(Written Task):** Imagine you are the Head Boy/Girl. Write three sentences describing one thing you would do to show **Servant Leadership**.
 3. **(Practical/Drawing Task):** Draw a picture of a leader in your community (e.g., a pastor, imam, or village head) performing an act of service for others.
-

WEEK 2: CIVIC RESPONSIBILITIES OF CITIZENS

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define civic responsibility.
2. List four responsibilities of a Nigerian citizen.
3. Explain the importance of paying taxes.
4. Describe the consequences of not obeying laws.

CONTENT

1. Meaning of Civic Responsibility

A **citizen** is a legal member of a country like Nigeria. Being a citizen is like being a member of a very big family. Just as you have duties at home (like sweeping or washing plates), you have duties to your country. These duties are called **Civic Responsibilities**. They are the things we *must* do to help our country stay peaceful, clean, and develop. Rights (like the right to education) and responsibilities go together.

2. Constitutional Responsibilities (From Nigeria's Rule Book)

Our country's rule book, the Constitution, lists key duties for citizens.

- **Obey Laws:** Laws are rules for the whole country. They keep us safe and orderly.
 - *Traffic Laws:* Stop at a red light. This prevents accidents.
 - *School Rules:* Wear your uniform. This brings unity and discipline.
 - **What happens if we don't obey?** Chaos, accidents, and punishment (like fines or arrest).
- **Pay Taxes:** A tax is a small part of money that working adults give to the government.
 - **Why is it important?** This money is pooled together to build and maintain things we all use.
 - **What does tax money build?**
 - **Schools** like yours.
 - **Hospitals** where people get treatment.

- **Roads and Bridges** we drive on.
- Pays the salaries of **teachers, soldiers, and doctors**.
- If nobody pays tax, the government cannot provide these things.
- **Vote in Elections:** Voting is choosing our leaders. When you are 18, you will get a voter's card.
 - It is a duty to choose wisely. If good people don't vote, bad leaders may be chosen.
 - If you don't vote, you lose the moral right to complain about bad leadership later.
- **Protect Public Property:** These are things that belong to everyone, not to one person.
 - *Examples:* Street lights, public water taps, park benches, library books, school desks.
 - We must not break, steal, or destroy them. It is like destroying something in your own house.

How Tax Money Helps Us

3. Community Service (Voluntary Responsibility)

This is going beyond your basic duty to help your community for free, without waiting to be paid. It shows love for your neighbourhood.

- **Examples:** Cleaning the gutter in front of your house, helping to clear grass on the football field, visiting an old people's home to cheer them up.

4. National Development

When every citizen does their duty—obeys laws, pays tax, votes, and cares for public property—the country grows stronger, safer, and richer. This is **national development**. If people refuse their duties, the country becomes poor, dirty, and unsafe for everyone.

EVALUATION

1. What are two civic responsibilities you can perform as a primary school pupil?
2. If your father pays his taxes, how does that eventually help *you* in school?
3. Why is breaking a school desk considered a bad civic act?
4. At what age is a Nigerian citizen allowed to vote?
5. Give one example of community service you have seen someone do in your area.

ASSIGNMENT

1. **(Oral & Written Task):** Ask a parent or neighbour: "What is one public property in our area that needs to be protected or fixed?" Write down their answer.
 2. **(Drawing Task):** Draw a picture showing a good citizen performing a duty and a bad citizen neglecting a duty. (e.g., Someone putting trash in a bin vs. someone littering).
 3. **(Practical Task):** List three small community services you and your friends can do around the school this week (e.g., picking litter in the playground).
-

WEEK 3: SOCIAL JUSTICE AND EQUALITY

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define social justice.
2. Explain the meaning of "Equality before the Law."
3. Discuss the importance of gender equality.
4. Identify ways to fight discrimination.

CONTENT

1. Understanding Social Justice

Social Justice means fairness for everyone in society. It is the belief that all people, whether rich or poor, boy or girl, from Lagos or from Sokoto, should have the same chances in life. It means:

- Every child should be able to go to a good school.
- Every sick person should be able to see a doctor.
- Everyone should be treated fairly by the police and in the courts.

2. Equality Before the Law

This is a pillar of social justice. It means the **law is no respecter of persons**. The same rules and punishments apply to everyone.

- A governor who steals money should be arrested, just like a market trader who steals.
- A rich man who breaks a traffic law should pay the same fine as a bus driver.
- **Example:** In a football match, the same rule (no handball) applies to both teams. The referee should not allow one team to break the rule.

3. Gender Equality This means that boys and girls (men and women) should have the same **rights, responsibilities, and opportunities**. It is NOT saying they are the same, but that they should be treated with equal fairness and value.

- **In School:** Both boys and girls should be encouraged to study all subjects. A girl can be the best in maths, and a boy can be the best in home economics.
- **At Home:** Both boys and girls should help with household chores. Boys can wash plates, girls can lift things.
- **In Leadership:** Women can be presidents, governors, and company CEOs just like men.
- **Why it's important:** When everyone's talent is used, the country becomes stronger and happier.

4. Fighting Discrimination **Discrimination** is the unfair and negative treatment of a person or group based on their tribe, religion, gender, disability, or where they come from.

- **How to fight it:**
 - a. **Social Inclusion:** Make sure everyone is invited to play, to learn, and to participate. Don't leave someone out because they are different.
 - b. **Respect Human Dignity:** Treat every person with respect because they are a human being, just like you. Their feelings matter.

- c. **Speak Up:** If you see someone being bullied or teased for being different, tell a teacher or politely tell the bully to stop. Be a friend to the person left out.

EVALUATION

1. If a poor farmer and a rich businesswoman have a land dispute, how should the judge treat them to ensure social justice?
2. Give an example of gender inequality you might see in some communities.
3. What does the phrase "Equality before the Law" mean?
4. If a new pupil from a different tribe joins your class, what are two things you can do to practice social inclusion?
5. Why is it unfair to stop a girl from going to school?

ASSIGNMENT

1. **(Written Task):** Write three sentences explaining why it is good for both boys and girls to help with cooking at home.
 2. **(Drawing Task):** Draw the symbol of justice (the balanced scale) and colour it. Write one word on each side of the scale: "RICH" and "POOR".
 3. **(Oral Task):** Tell a story to a family member about a time you saw someone being treated unfairly. What could have been done better?
-

WEEK 4: ACTIVE CITIZENSHIP AND PARTICIPATION

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define active citizenship.
2. Differentiate between a passive citizen and an active citizen.
3. Mention three ways youths can participate in governance.
4. Explain the meaning of advocacy.

CONTENT

1. Meaning of Active Citizenship

An **Active Citizen** is someone who cares about what happens in their community and country, and takes action to make things better. They don't just complain; they get involved.

A **Passive Citizen** is someone who sees problems but does nothing. They say, "It is not my business."

- **Active Citizen:** Sees a blocked drain, reports it to the local council, or organises neighbours to clear it.
- **Passive Citizen:** Sees a blocked drain, steps over it, and does nothing.

2. Civic Engagement (Ways to Get Involved)

This means taking part in activities that improve community life.

- **In School:** Join the debate club, run for class prefect, be part of the environmental sanitation committee.
- **In the Community:** Attend community meetings with your parents, join a youth club like the Boys Brigade or Girls Guide, help organise a clean-up day.

3. Youth Participation in Governance

You don't have to be an adult to participate! You can start now.

1. **Student Government:** Be a responsible class monitor, library prefect, or health prefect.
This is practice for larger leadership.

2. **Join or Support NGOs:** Some organisations work for children's rights or environmental care. You can participate in their rallies or awareness campaigns.

3. **Responsible Social Media Use:** Share correct information about important issues. Don't spread fake news. You can tweet or post about the need for a school library.

4. **Advocacy** is speaking or acting in support of a cause or a person who needs help. An advocate is a supporter or defender.

- **Example 1 (School):** You see a pupil being bullied. Advocacy is telling the bully to stop and reporting it to a teacher.
- **Example 2 (Community):** Your area has no clean water. Advocacy is writing a letter (or helping your parents write one) to your Local Government Chairman, explaining the problem and asking for help.

EVALUATION

1. What is the main difference between an active and a passive citizen?
2. How can you practice active citizenship inside your school?
3. What does it mean to "advocate" for something?
4. Why is it dangerous for young people to spread fake news on social media, even if they think they are participating?

5. Mention one civic engagement activity you would like to try.

ASSIGNMENT

1. **(Written Task):** Write a short, simple letter (3-4 sentences) to your Head Teacher advocating for one positive change in your school (e.g., more trash bins, a reading period).
 2. **(Practical/Oral Task):** With two friends, plan a "Classroom Beautification" project. List three small things you can do (e.g., bring a plant, make a notice board).
 3. **(Drawing Task):** Draw a poster encouraging pupils in your school to be "Active Citizens, Not Passive Observers."
-

WEEK 5 & 6: MIDTERM EXAM AND BREAK

WEEK 7: NATIONAL CULTURE AND IDENTITY

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define cultural heritage.
2. Explain the concept of "Unity in Diversity."
3. Identify three national symbols and their meanings.
4. Discuss the importance of national integration.

CONTENT

1. Nigerian Cultural Heritage

Our **Cultural Heritage** is the precious gift from our grandparents and ancestors. It is our way of life that is passed down. It includes:

- **Language** (Yoruba, Hausa, Igbo, Edo, etc.)
- **Food** (Jollof rice, Amala, Tuwo, Banga soup)
- **Dressing** (Agbada, Isiagu, Wrapper and Blouse)
- **Music & Dance** (Fuji, Highlife, Bata dance, Atilogwu)
- **Festivals** (Eyo, Argungu, New Yam festival) Nigeria is very rich because we have over 250 ethnic groups, each with its own heritage.

2. Unity in Diversity

This means "**Being one despite our many differences.**" We are like a beautiful fabric made by weaving together threads of different colours.

- **Diversity:** We are different tribes, speak different languages, eat different foods.
- **Unity:** We are all Nigerians. We support the Super Eagles together, celebrate Independence Day together, and are protected by one constitution.
- Our diversity is a source of strength, not weakness. It makes our country interesting!

3. National Symbols

These are special items that represent our unity and identity as Nigerians. They remind us we are one family.

- **The National Flag:**
 - **Green (Two Vertical Stripes):** Stands for **Agriculture** and the **richness of the land**.
 - **White (Middle Stripe):** Stands for **Peace and Unity**.
- **The Coat of Arms:**
 - **The Black Shield:** Represents Nigeria's **fertile soil**.
 - **The "Y" Shape:** Represents the two major rivers, **River Niger and River Benue**, coming together.
 - **The Eagle:** Stands for **Strength**.
 - **The Two Horses:** Stand for **Dignity and Pride**.
 - **The Grassy Base & Flowers:** The **Costus Spectabilis** is Nigeria's national flower.
- **The National Anthem and Pledge:** These are songs and promises we make to be faithful, loyal, and honest to Nigeria.
- **The Nigerian Passport:** It is an official document that tells the world, "I am a citizen of Nigeria."

4. National Integration

This is the process of bringing people from different ethnic and religious backgrounds together to feel as one nation. It helps to reduce tribalism and conflict.

- **Programs that promote it:**

- **NYSC (National Youth Service Corps):** Graduates serve in states different from their own, learning new cultures.
- **Federal Unity Colleges:** Schools where children from all states learn together.
- **National Sports:** When we all cheer for the same national team.

EVALUATION

1. What do the two colours on the Nigerian flag represent?
2. Can you name two cultural elements (e.g., food, festival) from a tribe different from yours?
3. What does "Unity in Diversity" mean for Nigeria?
4. Which part of the Coat of Arms represents our major rivers?
5. How does attending a school with pupils from many tribes help national integration?

ASSIGNMENT

1. **(Drawing Task):** Draw and colour the Nigerian Flag accurately. Label the colours and their meaning.
 2. **(Written Task):** Write out the first stanza of the Nigerian National Anthem from memory.
 3. **(Oral/Research Task):** Ask your parents to tell you about one Nigerian food from a tribe other than yours. Write down its name and the tribe.
-

WEEK 8: VALUES, NORMS AND SOCIAL COHESION

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define values and norms.
2. List four core Nigerian values.
3. Explain the meaning of social cohesion.
4. Differentiate between modern and traditional values.

CONTENT

1. Values and Norms

- **Values:** These are the deep beliefs we hold about what is **good, important, and desirable** in life. They guide our behaviour. They are like an internal compass.
 - *Examples:* Honesty, Respect, Courage, Love.
- **Norms:** These are the **specific rules or expected behaviours** in a society based on its values. They are the "how to" of values.
 - *Example:* The **value** is *Respect for Elders*. The **norms** are: *kneeling to greet* (Yoruba), *prostrating* (for boys in some cultures), *taking off your cap*.

2. Core Nigerian Values

These are values widely shared across our many cultures:

- **Respect for Elders:** We believe age comes with wisdom. Greeting elders properly is a key norm.
- **Honesty/Integrity:** Being truthful even when no one is watching. "An honest man is the best legacy."
- **Hard Work:** The belief that success comes from dedication and effort, not from luck or stealing.
- **Hospitality:** Being warm, generous, and kind to visitors and strangers. It is a great pride to treat a guest well.
- **Community Spirit (Omoluabi/Igwebuike):** The idea that we are part of a community and should help one another.

3. Social Cohesion

This is "**the glue that holds society together.**" It is when people in a community trust each other, cooperate, and live in peace. A cohesive society is strong and happy.

- **Tolerance** is its fuel. Tolerance means accepting and respecting people who are different from you—in opinion, religion, or tribe—without fighting them.

4. Modern vs. Traditional Values

Societies change over time, and so do some values and norms.

Aspect	Traditional Focus	Modern Focus
Family	Extended Family (Many uncles, aunts, cousins living together/close).	Nuclear Family (Mainly parents and children).
Respect	Formal, Strict (Specific greeting styles, not calling elders by name).	More Casual (Can be less formal, emphasis on mutual respect).
Success	Community Honour (Your success brings honour to the whole family/village).	Individual Achievement (Focus on personal goals and happiness).

- **Key Point:** We should **keep the good traditional values** (like respect, honesty) that bind us together, while **accepting positive modern changes** (like gender equality, using technology for good).

EVALUATION

1. If *Hard Work* is a value, what is one *norm* (behaviour) that shows a pupil has this value?
2. How does showing hospitality to a new neighbour help social cohesion?
3. Why is tolerance important in a diverse country like Nigeria?
4. Give one example of a traditional norm in your family when greeting visitors.
5. What is the difference between a *value* and a *norm*?

ASSIGNMENT

1. **(Written Task):** Write a short story (5 sentences) about a pupil named Chidi who found a lost wallet and showed the value of **Honesty**.

2. **(Oral/Practical Task):** Demonstrate (or describe) the proper way to greet an elder in your culture to show **Respect**.
 3. **(Drawing Task):** Draw a picture showing an act of **Hospitality** (e.g., a family offering food to a visitor).
-

WEEK 9: ADVANCED GOOD GOVERNANCE CONCEPTS

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define Good Governance.
2. Explain the terms Accountability and Transparency.
3. Describe the Rule of Law.
4. Mention two ways to fight corruption.

CONTENT

1. Meaning of Good Governance

Good Governance is when those in power (like the President, Governors, Local Chairmen) manage the country's resources and affairs in a way that is **effective, fair, and beneficial for all citizens**. It is like a good parent managing the home for the good of every family member.

2. Key Elements (Pillars) of Good Governance

- **Accountability:** Leaders must **answer for** their actions and decisions. They must explain how they used public money and power. If a class treasurer is accountable, they can show receipts for everything they bought for the class.

- **Transparency:** This means **openness**. Government activities and spending should be clear for citizens to see, like looking through a clean glass window. There should be no secret deals.
- **Rule of Law:** This means **nobody is above the law**. The President, the soldier, and the farmer must all obey the same laws. It protects the weak from the strong.
- **Effectiveness & Efficiency:** The government should actually solve problems (build good roads, provide steady electricity) and use money wisely, without waste.

3. Corruption: The Enemy of Good Governance **Corruption** is the abuse of entrusted power for private gain. It is when a leader steals money meant for roads or hospitals. It is like a school cook stealing food meant for pupils.

- **Why it is very bad:** It steals from everyone. It leads to bad roads, poor schools, and no hospitals. It makes the country poor and unhappy.

4. Anti-Corruption Measures How do we fight corruption?

1. **Strong Laws and Punishment:** Anyone caught stealing public funds must be arrested, tried, and jailed. This serves as a warning to others.
2. **Independent Anti-Corruption Agencies:** Nigeria has bodies like:
 - **EFCC (Economic and Financial Crimes Commission)**
 - **ICPC (Independent Corrupt Practices Commission)** Their job is to investigate and prosecute corruption cases.
3. **Citizen Vigilance:** When citizens demand accountability and report corruption, it helps a lot.

EVALUATION

1. How is an accountable class prefect different from a non-accountable one?
2. If a government project (like building a market) is done with **transparency**, what information should be available to the public?
3. What does the "Rule of Law" mean for a very powerful person?
4. Name one agency in Nigeria that fights corruption.

5. Explain how corruption can lead to a poorly built classroom.

ASSIGNMENT

1. **(Written Task):** Write three qualities of a "Good Governor" based on the pillars of good governance (e.g., "He should be accountable...").
 2. **(Drawing Task):** Design a poster with a clear slogan and picture encouraging your fellow pupils to "Say NO to Corruption" in school (e.g., against exam malpractice).
 3. **(Practical/Oral Task):** Explain to a younger pupil why it is wrong for a class monitor to take a friend's pen without asking, linking it to the concept of **abuse of power**.
-

WEEK 10: CITIZEN OVERSIGHT OF GOVERNMENT

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define citizen oversight.
2. Mention three ways citizens can monitor the government.
3. Explain the role of the Media in oversight.
4. Define Freedom of Information.

CONTENT

1. Meaning of Citizen Oversight

Citizen Oversight means the people keeping a watchful eye on their government and its officials. It is like being a **watchdog**. Citizens have the right and duty to ensure the government is doing the work it promised to do, correctly and honestly.

2. Ways Citizens Monitor Government (Tools for Oversight)

Citizens are not powerless. They have tools:

- **Civil Society Organizations (CSOs) and NGOs:** These are groups like "SERAP" or "BudgIT" that act as professional watchdogs. They investigate and report government failures.
- **Peaceful Protests:** This is when citizens gather peacefully to show they are unhappy with a government policy (e.g., a hike in school fees). It must be done without violence.
- **Petitions:** Writing formal, signed letters of complaint or request to government bodies like the National Assembly.
- **Social Media:** Using platforms like Twitter, Facebook, or WhatsApp to share pictures of bad roads, expose corruption, or mobilise people to demand action. **Must be used responsibly with facts.**

3. The Role of the Media (The Fourth Estate)

The Media (Newspapers, TV, Radio, Online news) is called the "**Fourth Estate of the Realm**" because it plays a crucial role in oversight.

- **Functions:**
 - a. **Informs:** Tells citizens what the government is doing.
 - b. **Investigates:** Digs deep to uncover the truth about scandals or failed projects.
 - c. **Holds Accountable:** By reporting facts, the media puts pressure on leaders to do the right thing.
- **Examples:** Channels TV, The Punch Newspaper, Radio Nigeria.

4. Freedom of Information (FOI) Act

This is a powerful Nigerian **law** that gives every citizen the **right to access information** held by government agencies.

- **How it works:** You can write an official letter asking, for example, "How much money was approved for the renovation of our local health centre?" By law, the government agency must reply to you within a specific time.
- **Why it's important:** It empowers citizens with facts, making true oversight possible.

EVALUATION

1. Why is citizen oversight necessary in a democracy?
2. What is one advantage of using a **petition** over a **peaceful protest**?
3. How can social media be both a tool and a problem for citizen oversight?
4. What is the main job of the media in relation to the government?
5. What does the FOI Act allow you to do?

ASSIGNMENT

1. **(Research/Oral Task):** Ask an adult to help you find one headline from a newspaper (or news site) that is about the government. Write down the headline.
2. **(Written Task):** Write a sample FOI request. Start with: "To The Chairman of [Your LGA], I am a pupil of [Your School]. I wish to know..." (Ask about the plan for a public issue, e.g., drainage cleaning).
3. **(Practical Task):** List three Nigerian media houses (one TV, one Radio, one Newspaper).

WEEK 11: REVISION

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Recall key definitions from the term (Leadership, Citizenship, Justice).
2. Explain the importance of national symbols and values.
3. Discuss the concepts of governance and oversight.
4. Answer questions confidently in preparation for exams.

This week is for **revision and consolidation**. We will go over the major themes of the term in a fun, interactive way.

- **Theme 1: Leadership & The Self**
 - Quick recall: **Democratic, Autocratic, Laissez-Faire, Servant, Transformational.**
 - Think-Pair-Share: Which style does our Head Teacher use? Give an example.
- **Theme 2: The Responsible Citizen**
 - Brainstorm: List all Civic Responsibilities. Act out: "What would you do if you saw someone destroying a street light?"
 - Discussion: Why is paying tax not a punishment but a duty?
- **Theme 3: A Fair and Just Society**
 - Review: **Social Justice, Equality before the Law, Gender Equality.**
 - Scenario: "Aisha wants to be the football team captain. Some boys say girls can't lead the team. Is this just? Why?"
- **Theme 4: Culture & National Identity**
 - Visual Quiz: Show pictures of the Flag, Coat of Arms. Pupils state meanings.
 - Explanation: How does "Unity in Diversity" make Nigeria stronger?
- **Theme 5: Governance & Citizen Power**
 - Key Words Game: Define **Accountability, Transparency, Corruption, Oversight, Advocacy.**
 - Role-play: One pupil is a Governor giving a transparent account of building a new park.

EVALUATION *(Teacher will select questions from the Evaluation sections of Weeks 1-10, focusing on application and understanding, not just rote memorization.)*

ASSIGNMENT

1. Create a **one-page revision poster** with drawings and keywords for any two topics you found most challenging.
2. **Practice** drawing the Nigerian Flag and Coat of Arms from memory, labelling the parts correctly.
3. Write a **short essay (10 sentences)** titled: "My Promise as a Future Leader of Nigeria," mentioning at least one idea from **Leadership, Citizenship, and Good Governance**.

PRIMARY 6 SOCIAL AND CITIZENSHIP STUDIES SCHEME OF WORK

SECOND TERM

Week	Topic	Content
1	Electoral Process in Depth	INEC and its independence; Voter education; Election monitoring; Electoral reforms; Electoral violence prevention; Credible elections
2	Advanced Financial Literacy	Understanding interest; Borrowing and lending; Credit and debt; Investment basics; Entrepreneurship; Financial goals
3	Digital Economy and Financial Services	Mobile money; Online payments; E-commerce; Digital banking; Cryptocurrency awareness; Online safety in financial transactions
4	Globalization and International Relations I	What is globalization; Effects of globalization on Nigeria; International trade; Nigeria's role in global affairs; Economic cooperation
5	MIDTERM EXAMINATION	Assessment of topics covered in weeks 1-4
6	MIDTERM BREAK	Rest and relaxation period
7	Globalization and International Relations II	United Nations and its agencies; African Union; ECOWAS; International human rights; Global citizenship
8	Historical Background of Trafficking in Persons	History of trafficking; Evolution of modern trafficking; International trafficking networks; Why trafficking exists; Global response
9	Causes and Purpose of Trafficking in Persons	Poverty and economic factors; Lack of education; Gender inequality; Conflict and displacement; Purpose - forced labor, exploitation
10	Elements of Trafficking in Persons	Recruitment methods; Transportation; Transfer; Harboring; Exploitation; Role of traffickers; Consent vs coercion
11	REVISION	Review of all topics covered; Practice exercises; Question and answer sessions
12	EXAMINATION	End of term assessment
13	CLOSING	Report card distribution; Vacation assignment

PRIMARY 6 SOCIAL AND CITIZENSHIP STUDIES LESSON NOTES

SECOND TERM

WEEK 1: ELECTORAL PROCESS

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Explain the full meaning and functions of INEC.
2. Define voter education and state its importance.
3. List three ways to prevent electoral violence.
4. Describe what makes an election "credible" (free and fair).

CONTENT

1. INEC (Independent National Electoral Commission)

INEC is like the chief referee and organiser for Nigeria's biggest competition: choosing our leaders. Its full name is the **Independent National Electoral Commission**.

- **Independence:** The word **Independent** is very important. It means INEC must not be controlled or told what to do by the President, Governors, or any politician. They must be neutral, like a fair referee in a football match who does not support any team. This ensures the results are true.
- **Key Functions (Jobs of INEC):**
 - a. **Voter Registration:** They register all citizens who are 18 years and above and give them a **Permanent Voter's Card (PVC)**. This card is your ticket to vote.
 - b. **Organising Polls:** They decide the election date, set up polling units (voting centres) in every neighbourhood, and provide all materials like ballot papers and boxes.
 - c. **Counting and Announcing Results:** After voting, INEC officials count the votes in the open and announce the winner. Their announcement is the official result.

2. Voter Education

This is the process of teaching voters **how, where, when, and why** to vote. It is like a coach teaching players the rules of a game before they play.

- **What it teaches:**
 - **How to vote correctly:** How to thumbprint on the ballot paper next to your chosen party's logo so your vote is not **void** (cancelled).
 - **Where to vote:** Your specific polling unit, which is written on your PVC.
 - **Why it matters:** To understand that your vote is your power to choose good leaders.

3. Electoral Violence Prevention

Electoral violence includes fighting, burning properties, hijacking ballot boxes, or using thugs to scare people away from voting. It is very dangerous and destroys the process.

- **How to Prevent It:**

- a. **Education and Sensitization:** Teaching everyone, especially youths, that it is wrong to be used as a thug. Slogans like "**Your Vote is Your Power, Not Your Fight.**"
- b. **Security Presence:** Police and soldiers are deployed to polling units to protect voters, materials, and maintain order.
- c. **Patience and Orderliness:** Voters should queue peacefully, vote, and go home. They should not argue or fight at the polling unit.

4. Credible Elections (Free and Fair Elections)

An election is **credible** when everyone believes the result is true. It has two main parts:

- **Free:** No one is forced to vote for a particular person. People vote without fear or threat.
- **Fair:** All parties and candidates have an equal chance. There is no cheating, ballot box snatching, or falsification of results.

Credible Election (Free & Fair)	Non-Credible Election (Rigged)
Peaceful atmosphere, no fighting.	Violence and intimidation.
Ballot boxes are safe.	Ballot boxes are snatched or stolen.
Results reflect people's actual votes.	Results are changed or written in secret.
People accept the result.	People protest because they were cheated.

EVALUATION

1. Why is it important that INEC is independent from the President?
2. What is the main use of a Permanent Voter's Card (PVC)?
3. If you see two political party supporters starting a fight near a polling unit, what should you do?
4. Describe one thing INEC does *before* Election Day.
5. How does voter education help to make an election credible?

ASSIGNMENT

1. **(Drawing/Practical Task):** Design a **peace poster** for elections. It should have a clear slogan (e.g., "Vote in Peace, Not in Pieces") and a simple drawing.
 2. **(Written Task):** Write down two **functions of INEC** and two **characteristics of a credible election**.
 3. **(Oral/Research Task):** Ask an adult in your house to show you their Permanent Voter's Card (PVC). Describe what you see on it (colours, details, etc.) without touching it.
-

WEEK 2: ADVANCED FINANCIAL LITERACY

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define Interest in relation to saving and borrowing.
2. Differentiate between Credit (Lending) and Debt (Borrowing).
3. Explain the meaning of Entrepreneurship.
4. Set a simple financial goal for themselves.

CONTENT

1. Understanding Interest Interest is the extra money you either **earn** or **pay** when money is saved or borrowed over time.

- **Interest on Savings (You EARN):** When you save money in a **bank** (not just a piggy box), the bank uses your money for its business. As a "thank you," they add a little extra money to your savings every year. Your money grows! *Example:* Save ₦1,000, get ₦50 as interest after one year. You now have ₦1,050.
- **Interest on Loans (You PAY):** When you **borrow** money from a bank or a person, you must pay back the original amount **plus** an extra charge. This extra is the interest, and it is the cost of borrowing. *Example:* Borrow ₦1,000, pay back ₦1,100. The ₦100 extra is interest.

2. Borrowing and Lending (Credit and Debt)

- **Lending (To Give Credit):** When you give someone money with the agreement that they will pay it back later. The giver is a **lender** or **creditor**.
- **Borrowing (To Be in Debt):** When you receive money from someone with a promise to pay it back. The receiver is a **borrower** or **debtor**.
- **Good Debt vs. Bad Debt:**
 - **Good Debt:** Borrowing money to buy something that will help you make more money or improve your life in the long run. *Example:* Borrowing to pay for school fees (investment in yourself) or to start a small business.
 - **Bad Debt:** Borrowing money to buy things that finish quickly or don't help you grow. *Example:* Borrowing to buy ice cream, chips, or a new video game.

3. Investment and Entrepreneurship

- **Investment:** Using your money to buy an **asset**—something that has the potential to increase in value or produce more money for you in the future. *Examples:* Buying a plot of land, buying shares in a company, or buying equipment to start a business.
- **Entrepreneurship:** This is the process of identifying a **need or problem** in your community, creating a **business** to solve it, and taking on the risks involved. The person who does this is an **entrepreneur**. *Example:* A woman in your area who saw there was no clean drinking water and started a business selling pure water sachets.

4. Financial Goals A **financial goal** is a clear plan for what you want to do with your money in the future. It should be **Specific, Measurable, and have a Timeframe**.

- **Poor goal:** "I want to save money." (Not clear)
- **Good goal:** "I will save ₦100 from my lunch allowance every week for 10 weeks to buy a new school uniform by December."

EVALUATION

1. If your mother saves ₦10,000 in the bank and gets ₦500 as interest after one year, how much will she have in total?

2. Is borrowing money to pay for your brother's apprenticeship fees a *good debt* or a *bad debt*? Explain why.
3. What is the main difference between a *spender* and an *investor*?
4. Give a real-life example of an entrepreneur in your neighbourhood and the problem they are solving.
5. "I want to buy a bicycle." Turn this into a proper financial goal by making it specific and timely.

ASSIGNMENT

1. **(Written/Maths Task):** Calculate: If you save ₦50 every day from Monday to Friday, how much will you save in 4 weeks?
 2. **(Practical/Oral Task):** Think of a simple business you could run after school (e.g., selling boiled groundnuts, washing cars). Write down your business idea and name **one** thing you would need to buy to start (your investment).
 3. **(Drawing/Written Task):** Draw two scenes. Scene 1: Someone borrowing money to buy a book. Scene 2: Someone borrowing money to buy a toy. Label which is *Good Debt* and which is *Bad Debt*.
-

WEEK 3: DIGITAL ECONOMY AND FINANCIAL SERVICES

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define Digital Economy.
2. List three examples of digital financial services (Mobile money, POS, Online banking).
3. Explain the meaning of E-commerce.
4. State two safety rules for online transactions.

CONTENT

1. The Digital Economy This is an economy where buying, selling, banking, and business are done mainly using **computers, the internet, and mobile phones**. Instead of carrying physical cash (notes and coins), we move **digital money**—numbers that represent value—from one account to another.

2. Common Digital Financial Services in Nigeria

- **Mobile Money:** Using your mobile phone (even a simple one) to send and receive money. You use USSD codes like ***737# or *966#**. You can also visit a mobile money agent (like MTN Momo agent) to deposit or withdraw cash.
- **POS (Point of Sale) Terminal:** This is a small electronic machine you see in shops, supermarkets, and market stalls. When you want to pay with your **ATM card**, you slide it through the POS, enter your **PIN**, and the money moves from your account to the seller's account.
- **Online/App Banking:** Using a smartphone app from your bank (like GTWorld, UBA Mobile) to check your balance, transfer money, or buy airtime, all from your home.

Traditional Banking	Digital Banking
Go to bank building (physical).	Use phone or computer (virtual).
Queue for long hours.	Transact instantly.
Fill paper forms.	Tap buttons on a screen.
Risk of carrying cash.	Safer, no physical cash.

3. E-Commerce (Electronic Commerce) This is simply **buying and selling goods and services online**. The "market" is now on websites and apps.

- **How it works:** You see a pair of shoes on **Jumia** or **Konga** app. You click "Buy," pay with your card or online transfer, and the shoes are delivered to your house address.
- **Advantage:** Convenience. You can shop from anywhere, anytime, and compare prices easily.

4. Online Safety Rules (Non-Negotiable!) When dealing with digital money, you must be very careful.

1. **Protect Your PIN/Password:** Your **Personal Identification Number (PIN)** and passwords are like the keys to your money box. **Never** share them with anyone, not even your best friend or a caller pretending to be from your bank.
2. **Beware of Scams:** Do not click on strange links in text messages or emails promising you free money or prizes (e.g., "You have won ₦1,000,000! Click here!"). These are often scams by "Yahoo Boys" to steal your information.
3. **Use Secure Connections:** Avoid doing online banking on public Wi-Fi (like in a restaurant).

EVALUATION

1. What is the one big difference between the digital economy and the traditional cash economy?
2. Where would you find a POS terminal, and what is it used for?
3. How is shopping on Jumia different from shopping at the main market in your town?
4. Your uncle gets a text message saying his bank account is blocked and he should send his PIN to unblock it. What should he do?
5. Name one advantage and one danger of using mobile money.

ASSIGNMENT

1. **(Drawing Task):** Draw a simple labelled diagram of a person using a POS machine to pay in a shop.

2. **(Oral/Practical Task):** With a parent's supervision, ask them to show you the icon of their bank's mobile app on their phone. Write down the **name of the bank** and **one feature** they say the app has (e.g., "buy airtime").
 3. **(Written Task):** Create two "Safety Rules" for children using digital financial services. Write them as clear warnings (e.g., "Rule 1: Never tell anyone your mum's ATM PIN.").
-

WEEK 4: GLOBALIZATION AND INTERNATIONAL RELATIONS I

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define Globalization.
2. Explain how the world is a "Global Village."
3. Define International Trade.
4. Mention one product Nigeria sells to the world and one product Nigeria buys.

CONTENT

1. What is Globalization?

Globalization is the process by which people, companies, and countries all over the world are becoming more and more connected. It is as if the world is shrinking into a small village where everyone knows and affects each other. This connection happens through **trade, travel, technology, and communication**.

2. The "Global Village" in Your Daily Life Look around you; you see globalization every day:

- **Clothes:** Your school uniform or T-shirt might be made in **China** or **Turkey**.
- **Technology:** The phone or TV you use could be made in **South Korea** (Samsung) or **America** (iPhone).
- **Food & Drink:** The soda you drink (Coca-Cola) is an American product sold worldwide.
- **Entertainment:** You watch football matches played in **England** (Premier League) or movies from **Hollywood** (USA).

3. International Trade This is the exchange of goods (products) and services between different countries. No country has everything it needs, so they trade.

- **Export:** Goods and services a country **sells to** other countries. It brings money **into** the country.
- **Import:** Goods and services a country **buys from** other countries. It takes money **out of** the country.

4. Nigeria in International Trade

- **Major Exports (What we sell):**
 - **Crude Oil:** Our biggest export. Sold to countries like India, USA, and Spain.
 - **Agricultural Products:** Cocoa, sesame seeds, cashew nuts.
- **Major Imports (What we buy):**
 - **Machinery & Vehicles:** Cars, buses, and factory equipment.
 - **Refined Petroleum:** Ironically, we export crude oil but import refined petrol (fuel) because our refineries don't work well.
 - **Wheat & Rice:** We buy a lot of food from other countries.

EVALUATION

1. Explain the term "Global Village" using one example from your home.
2. What is the main reason why countries engage in international trade?
3. If Nigeria sells crude oil to India, is that an *export* or an *import* for Nigeria?
4. Name one popular Nigerian food or product that you think could be exported to other countries.
5. List two items in your classroom that were probably imported into Nigeria.

ASSIGNMENT

1. **(Practical/Research Task):** Check the labels on 5 items at home (e.g., shoes, toy, electronic device). Make a list of the item and the country where it was "Made in."
2. **(Written Task):** Write a short paragraph: "If I could export one Nigerian product to the world, it would be _____ because _____."
3. **(Drawing/Oral Task):** Draw a cargo ship. On one side, draw and label items Nigeria **exports**. On the other side, draw and label items Nigeria **imports**.

WEEK 5 & 6: MIDTERM EXAM AND BREAK

WEEK 7: GLOBALIZATION AND INTERNATIONAL RELATIONS II

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Identify the full meaning of UN, AU, and ECOWAS.
2. State the main goal of the United Nations.
3. Explain the purpose of ECOWAS for West Africans.
4. Define "Global Citizen."

CONTENT

1. United Nations (UN)

- **Full Meaning: United Nations.**
- **Headquarters:** New York, USA.
- **Main Goal:** To maintain **international peace and security**. After two terrible World Wars, countries decided to create an organization where nations could talk about their problems instead of fighting. It's like a **global prefect** or mediator.
- **Key Agencies for Us:**
 - **UNICEF (United Nations Children's Fund):** Works to protect children's rights, health, and education worldwide.
 - **WHO (World Health Organization):** Leads global efforts to fight diseases (like COVID-19) and improve healthcare.

2. African Union (AU)

- **Full Meaning: African Union.**
- **Headquarters:** Addis Ababa, Ethiopia.
- **Main Goal:** To promote **unity, cooperation, and development** among all African countries. It works to solve African problems with African solutions. Its symbol is a green map of Africa inside a circle.

3. ECOWAS (Economic Community of West African States)

- **Full Meaning: Economic Community of West African States.**

- **Members:** 15 West African countries including Nigeria, Ghana, Senegal, Côte d'Ivoire, Benin, Niger.
- **Main Goal:** To promote **economic integration and cooperation**. A key benefit is the **ECOWAS Free Movement Protocol**, which allows citizens of member countries to travel, live, and work in any other member country with just an **ECOWAS Travel Certificate**, making it easier than getting a visa.

4. Global Citizenship A **global citizen** is someone who understands that they are a member of the wider world community, not just their town or country. They feel connected to people in other lands and care about global problems.

- **Traits of a Global Citizen:**
 - They care about **climate change** because it affects the whole planet.
 - They feel sad when there is a war or earthquake in a faraway country and may want to help.
 - They respect different cultures and traditions.

EVALUATION

1. What was the main reason for creating the United Nations?

2. How is the African Union (AU) different from the United Nations (UN)?
3. If a Nigerian trader wants to sell goods in Ghana, how does ECOWAS make it easier for her?
4. Which UN agency would help if there was an outbreak of a dangerous disease in Nigeria?
5. If you reuse your water bottle to reduce plastic waste, how does that show you are thinking like a global citizen?

ASSIGNMENT

1. **(Research/Written Task):** Find out and write the names of **three countries** that are members of ECOWAS (apart from Nigeria).
2. **(Drawing Task):** Draw the flag of any **one** African country (other than Nigeria) that is a member of the AU.
3. **(Oral/Practical Task):** Ask an older person if they know anyone who has travelled to a West African country like Ghana or Benin. Find out if they used an ECOWAS travel document.

WEEK 8: HISTORICAL BACKGROUND OF TRAFFICKING IN PERSONS

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define Human Trafficking.
2. Compare historical slavery with modern trafficking.
3. Explain why trafficking involves international networks.
4. State the global response to trafficking.

CONTENT

1. What is Human Trafficking?

Human Trafficking is the illegal business of **recruiting, transporting, or harboring** people through **force, fraud, or deception** with the aim of **exploiting** them. Exploitation means using them for profit, often through forced labour, prostitution, or other abuse. It is often called "**Modern-Day Slavery.**"

2. From Old Slavery to Modern Trafficking

- **Historical (Trans-Atlantic) Slavery (400 years ago):**
 - **Open & Legal:** People (mainly from Africa) were captured, openly bought and sold in public markets like goods.
 - **Based on Race:** It was justified by the false idea that some races were inferior.
 - **Lifelong:** Slaves and their children were slaves forever.
- **Modern Human Trafficking (Today):**
 - **Hidden & Illegal:** It is a secret, criminal activity. Traffickers trick people with fake promises of good jobs or education.
 - **Based on Vulnerability:** Targets poor, uneducated, or desperate people from any race or country.
 - **For Exploitation:** The goal is to make money from the victim's work or body.

Aspect	Old Slavery	Modern Trafficking
Status	Legal then	Illegal everywhere

Aspect	Old Slavery	Modern Trafficking
Method	Open capture & sale	Secret tricks & deception
Target	Based on race	Based on vulnerability (poverty)

3. International Networks Human trafficking is often a **network crime**. This means it is run by organized criminal gangs that work across different states and countries.

- **How the network works:** One person (the recruiter) finds victims in a village. Another person (the transporter) moves them to a city or across the border. Another person (the exploiter) forces them to work. They share the illegal profit.

4. Global Response The world has agreed that trafficking is a terrible crime against human rights.

- **United Nations:** Created a **protocol** (an international agreement) to prevent and punish trafficking.
- **In Nigeria:** We have **NAPTIP (National Agency for the Prohibition of Trafficking in Persons)**. This government agency is like a special police force whose main job is to arrest traffickers, rescue victims, and rehabilitate them.

EVALUATION

1. Why is human trafficking called "modern-day slavery"?
2. What is the main difference in how victims were captured in old slavery versus modern trafficking?
3. Why is trafficking considered an "international" problem?
4. What is the full meaning of NAPTIP?
5. If a person is promised a good job in Europe but ends up forced to work on a farm for no pay, what crime has occurred?

ASSIGNMENT

1. **(Written Task):** Write the full meaning of **NAPTIP** and **one** of its main duties.
2. **(Drawing Task):** Design a "Say NO to Human Trafficking" awareness sign or symbol.

3. **(Oral/Research Task):** Find out and write down the emergency phone number for NAPTIP or the police in your area.
-

WEEK 9: CAUSES AND PURPOSE OF TRAFFICKING IN PERSONS

OBJECTIVES By the end of the lesson, pupils should be able to:

1. List three causes of human trafficking.
2. Explain how poverty leads to trafficking.
3. Identify the purposes for which people are trafficked.
4. Discuss the role of ignorance in trafficking.

CONTENT

1. Causes of Trafficking (The ‘Why’ Behind the Crime)

Traffickers prey on people’s weaknesses and difficult situations.

- **Poverty:** This is the biggest cause. When families are very poor, they may accept offers from strangers who promise a better life, education, or good jobs for their children in the city or abroad.
- **Lack of Education/Ignorance:** People who are not educated may not know the tricks of traffickers. They may not understand their rights or how to find real opportunities safely.
- **Greed of Traffickers:** Traffickers are driven by the desire to make easy money by selling and exploiting people. They see victims as commodities.
- **Conflict & Instability:** In war zones or areas with crisis (like banditry), families are displaced and children are separated from parents. Traffickers easily pick up these lost and vulnerable children.

2. Purposes of Trafficking (The ‘What For’ – How Victims are Exploited)

Victims are trafficked for different terrible purposes:

- **Forced Labour:** Victims are made to work on farms, in factories, in mines, or as domestic servants (house girls/boys) with little or no pay, under terrible conditions.
- **Sexual Exploitation:** Mostly women and girls are forced into prostitution or other forms of sexual abuse for the profit of the trafficker.
- **Forced Begging:** Children are sometimes maimed (hurt on purpose) and forced to beg on the streets, and the money is taken by the trafficker.

- **Child Soldiering:** In conflict areas, children are kidnapped and forced to become soldiers.
- **Organ Harvesting:** A very dangerous form where victims are killed or operated on to sell their body parts (like kidneys).

3. The False Promise of "Greener Pastures"

Traffickers often sell a **dream**. They tell people, "Come to Europe/America/Dubai, you will get a good office job, live in a big house, and earn dollars." This false promise of a better life ("greener pastures") is the main lie used to trick many victims.

EVALUATION

1. How does poverty make a person vulnerable to trafficking?
2. If a trafficker promises a village girl a job as a waitress in the city but forces her to be a house help with no pay, what purpose of trafficking is this?
3. Why is education an important tool to fight trafficking?

4. What does the phrase "greener pastures" mean in the context of trafficking?
5. Apart from poverty, mention one other situation that can make children easy targets for traffickers.

ASSIGNMENT

1. **(Written Task):** Write a short story (5-7 sentences) about a boy named Chukwu who was approached by a man offering to take him to a city for football training. What should Chukwu do to stay safe?
2. **(Practical/Oral Task):** Discuss with two classmates: What are two real opportunities in your community (e.g., learning a skill, going to school) that are better than accepting a stranger's offer?
3. **(Drawing Task):** Draw a poster warning other children about the **dangers of accepting job offers from strangers**.

WEEK 10: ELEMENTS OF TRAFFICKING IN PERSONS

OBJECTIVES By the end of the lesson, pupils should be able to:

1. List the three main elements of trafficking (The Act, The Means, The Purpose).
2. Describe common recruitment methods used by traffickers.
3. Explain the difference between "Consent" and "Coercion."
4. Identify the role of a trafficker.

CONTENT

1. The Three Core Elements of Trafficking

For an act to be legally called Human Trafficking, it usually involves these three parts coming together:

1. **The ACT (What is done):** This is the action of **Recruiting, Transporting, Transferring, Harboring, or Receiving** a person.
 2. **The MEANS (How it is done):** This is the method used, which is usually **Force, Fraud, Coercion, Abduction, Deception, or Abuse of Power**. The victim is not moving freely.
 3. **The PURPOSE (Why it is done):** The goal is **Exploitation**. This includes forced labour, sexual exploitation, slavery, or organ removal.
- **Simple Example:** A woman (Trafficker) **recruits** (ACT) a girl from a village by **lying** to her about a good job (MEANS: Fraud), in order to **force her to work as a house help for no pay** (PURPOSE: Exploitation).

2. Common Recruitment Methods (The "Means" in Action)

Traffickers are master tricksters. Their methods include:

- **Deception/Fraud:** Telling lies. "I will sponsor your education." "I have a high-paying job for you in Dubai."
- **False Love/Romance:** A man pretends to love a girl, promises to marry her, and then takes her away to exploit her.
- **Debt Bondage:** "I will pay for your travel abroad, but you must work for me for free until you pay off the debt." The debt is made so high it can never be paid.

- **Abduction/Kidnapping:** Simply snatching someone by force (less common but happens).

3. Consent vs. Coercion

This is a very important point.

- **Consent:** Means agreeing to something willingly, with full understanding.
- **Coercion:** Means being forced or pressured into doing something.
- **The Law Says:** If a person was tricked (deception), forced, or threatened into agreeing, then their "**consent**" **does not count**. A child (anyone under 18) can never legally consent to being trafficked, even if they say "yes."

[INSERT DIAGRAM: A simple 3-part diagram showing the "Elements of Trafficking". Part 1: Icon of a person talking to another (ACT: Recruitment). Part 2: A thought bubble with a lie "Good Job!" (MEANS: Fraud). Part 3: Icon of a person working hard with a sad face (PURPOSE: Exploitation).]

EVALUATION

1. What are the three key elements that define an act as human trafficking?
2. If a man tricks a boy by promising football training but forces him to hawk on the streets, identify the **ACT**, **MEANS**, and **PURPOSE** in this scenario.
3. What is "debt bondage"?
4. Why does the law say a child's "yes" to a trafficker's offer is not valid consent?
5. What is the primary role of a trafficker?

ASSIGNMENT

1. **(Written Task):** Write a **warning message** you would tell your younger sibling about the tricks traffickers use. Mention at least two methods.
2. **(Practical Task):** Copy the three elements of trafficking (ACT, MEANS, PURPOSE) into your notebook. Next to each, write your own simple example.

3. **(Drawing/Oral Task):** In a small group, create a short role-play scenario showing one method a trafficker might use to recruit someone. Be prepared to point out the "Act, Means, and Purpose" in your scene.
-

WEEK 11: REVISION

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Recall key concepts from Weeks 1-10.
2. Differentiate between INEC and NAPTIP.
3. Discuss the benefits and dangers of the digital economy.
4. Answer practice questions confidently.

CONTENT This week is for **revision and consolidation** of all topics from the Second Term.

- **Theme 1: Politics & Governance (Weeks 1)**
 - Quick Quiz: Functions of INEC. What makes an election credible?
 - Discussion: Why is voter education as important as the election itself?
- **Theme 2: Money & The Economy (Weeks 2 & 3)**
 - Brainstorm: What is the difference between *saving* and *investing*? Give examples.
 - Scenario Analysis: "Bayo borrowed ₦2000 to buy a new phone. Aisha borrowed ₦2000 to buy tools for her hairdressing salon. Who has 'good debt' and why?"
 - Safety Talk: List the online safety rules. Why is your PIN like a house key?
- **Theme 3: The World & Nigeria (Weeks 4 & 7)**
 - Visual Recall: Show logos/images of UN, AU, ECOWAS. Pupils state their full meanings and one goal.
 - Concept Check: Explain "globalization" and "global citizen" in your own words.
- **Theme 4: Human Trafficking (Weeks 8, 9, 10)**
 - Key Terms Game: Define trafficking, exploitation, NAPTIP, consent, coercion.
 - Cause & Effect: Link causes (poverty, ignorance) to purposes (forced labour, sexual exploitation).
 - Elements Recap: Use a real-life news headline (simplified) to identify the Act, Means, and Purpose.

EVALUATION *(Teacher will select application-based questions from the Evaluation sections of Weeks 1-10 to test deep understanding.)*

ASSIGNMENT

1. Create a **one-page revision mind-map or poster** for the topic you found most interesting this term.
2. Write a **short letter (5 sentences)** to your future self as an 18-year-old, mentioning **one** civic duty (like voting) and **one** financial habit (like saving) you plan to have.
3. Prepare a **"Safety Cheat Sheet"** for your home. List important phone numbers (Police, NAPTIP, a trusted adult) and two rules to avoid exploitation.

PRIMARY 6 SOCIAL AND CITIZENSHIP STUDIES SCHEME OF WORK

THIRD TERM

Week	Topic	Content
1	Consequences of Trafficking in Persons I	Physical consequences - health issues, injuries, malnutrition; Psychological trauma; Emotional effects; Loss of dignity
2	Consequences of Trafficking in Persons II	Social consequences; Economic impact on victims; Effects on families; Community impact; National consequences
3	Prevention of Human Trafficking	Education and awareness; Economic empowerment; Legal frameworks; Border control; International cooperation; Reporting suspicious activities
4	Support for Trafficking Victims	Rescue operations; Rehabilitation centers; Counseling and therapy; Reintegration programs; Legal support; NAPTIP and other agencies
5	MIDTERM EXAMINATION	Assessment of topics covered in weeks 1-4
6	MIDTERM BREAK	Rest and relaxation period
7	Advanced Life Skills for Healthy Living	Critical thinking; Creative thinking; Interpersonal relationships; Coping with emotions; Resilience; Empathy
8	Making Safe and Healthy Choices	Risk assessment; Evaluating information; Resisting negative influences; Safe internet use; Sexual health education; Mental health awareness
9	Building a Better Nigeria	Youth as agents of change; Innovation and creativity; Entrepreneurship; Nation building; Vision for Nigeria's future; Personal commitment to national development
10	Preparing for Secondary School Citizenship	Transition preparation; Greater responsibilities; Advanced civic engagement; Becoming role models; Leadership opportunities; Life-long learning
11	REVISION	Comprehensive review; Practice examinations; Clarification of concepts; Preparation for transition
12	EXAMINATION	End of term and final primary school assessment
13	CLOSING	Graduation ceremony; Report cards; Secondary school preparation

PRIMARY 6 SOCIAL AND CITIZENSHIP STUDIES LESSON NOTES

THIRD TERM

WEEK 1: CONSEQUENCES OF TRAFFICKING IN PERSONS I

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define the physical consequences of human trafficking.
2. List three health issues faced by victims of trafficking.
3. Explain the meaning of psychological trauma.
4. Discuss how victims lose their dignity.

CONTENT

1. Physical Consequences (Harm to the Body)

Victims of human trafficking suffer terrible harm to their physical health and bodies because their traffickers treat them like objects, not human beings.

- **Injuries and Violence:** Traffickers often use violence to control their victims. This can include beatings, burns, cuts, or broken bones. They do this to force the victim to obey and to stop them from trying to escape.
- **Malnutrition and Starvation:** Victims are frequently not given enough food or clean water. They become very thin, weak, and constantly hungry. This is called malnutrition. A malnourished body cannot fight diseases.
- **Serious Health Problems:** Living in dirty, overcrowded places and without medical care leads to sickness.
 - They may get skin infections, tuberculosis, or sexually transmitted diseases like HIV/AIDS.
 - They do not see a doctor when they are sick, so small illnesses can become very serious.
- **Extreme Exhaustion:** Victims are forced to work for extremely long hours—sometimes 18 to 20 hours a day without proper rest or sleep. This destroys their strength, stunts their growth (for children), and can cause long-term damage to their hearts and other organs.

2. Psychological Trauma (Harm to the Mind and Emotions)

Psychological trauma is the deep and lasting wound caused to a person's mind and feelings by a very frightening or painful experience. It is like a scar you can't see.

- **Constant Fear:** Victims live in daily fear of being beaten, tortured, or even killed by their traffickers. This fear does not go away easily.
- **Depression:** This is a deep, heavy sadness that makes a person lose interest in everything. They may feel hopeless, like there is no future for them.
- **Anxiety and Panic:** Victims are always nervous, jumpy, and cannot relax. They may have bad dreams (nightmares) or sudden memories (flashbacks) of the terrible things that happened.
- **Broken Trust:** Since they were often tricked by someone they knew or trusted (like a relative or family friend), they find it very hard to ever trust people again. They feel betrayed by the world.

[INSERT DIAGRAM: A simple outline of a person. On one side (Body), label arrows pointing to: "Injuries", "Hunger/Malnutrition", "Sickness/Disease", "Extreme Tiredness". On the other side (Mind/Heart), label arrows pointing to: "Fear", "Deep Sadness", "Nervousness", "Loneliness". Title: "The Double Pain of Trafficking: Body and Mind".]

3. Loss of Dignity Dignity is the feeling of self-respect and worth that every human being deserves. It is what makes you feel proud and human.

- Trafficking **steals** this dignity. Victims are treated like property—bought, sold, and used. They are given orders, not asked for their opinion. They are often called bad names and made to feel worthless and ashamed.
- **Example:** Imagine being forced to beg on the street while people look at you with pity or disgust. Or being forced to do work that makes you feel dirty and ashamed. This constant humiliation makes a person feel they have no value.

EVALUATION

1. Why might a trafficking victim become very thin and weak?

2. Apart from beatings, what is one other physical health problem a victim might suffer from?
3. If a person feels a deep, lasting sadness and has nightmares after a bad experience, what is this called?
4. How does being tricked by a trusted person affect a victim's ability to make friends later?
5. What does it mean to say trafficking "steals a person's dignity"?

ASSIGNMENT

1. **(Written Task):** Write a short diary entry (4-5 sentences) from the perspective of a rescued trafficking victim. Describe one physical feeling (e.g., hunger, pain) and one emotional feeling (e.g., fear, sadness).
2. **(Drawing Task):** Draw two contrasting pictures. Picture A: A healthy, smiling child. Picture B: A child showing one sign of physical consequence from trafficking (e.g., looking very tired, sad, or thin).
3. **(Oral/Practical Task):** In one sentence, explain to a younger pupil why it is wrong to make another person feel worthless or ashamed.

WEEK 2: CONSEQUENCES OF TRAFFICKING IN PERSONS II

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Identify the social consequences of trafficking (Stigma).
2. Explain the economic impact on the victim.
3. Discuss how trafficking affects the victim's family.
4. Describe the negative effect on the nation.

CONTENT

1. Social Consequences (Harm to a Person's Place in Society)

When a victim returns to their community, they face new problems in how people relate to them.

- **Stigma and Shame:** Stigma is when people in the community unfairly label, reject, or look down on a person because of what happened to them. People might whisper, point fingers, or say things like, "She is spoiled," or "Don't play with him, he lived with bad people." This blame is placed on the victim, not the criminal trafficker.
- **Isolation and Loneliness:** Because of stigma, victims often feel alone. They may lose friends and find it hard to join community activities or play with others. They feel different and left out.
- **Lost Education and Future:** A child who was trafficked missed years of school. They return unable to read, write, or do maths at their age level. This makes it very hard to catch up, learn a skill, or get a good job later, trapping them in a cycle of disadvantage.

2. Economic Impact on the Victim (Harm to Their Financial Future)

- **Years of Stolen Labour:** Victims work for months or years without being paid a single kobo. All the money they earned went to the trafficker.
- **No Savings, No Skills:** When rescued, they have no money to start life. Because they missed school or skill training, they lack the knowledge to get a decent job. This often leaves them in **poverty**, sometimes even worse than before they were trafficked.

3. Effects on the Family

The family of a trafficked person suffers greatly.

- **Deep Emotional Pain:** Parents and siblings live with constant worry, grief, and guilt. They don't know if their child is alive, safe, or dead.
- **Financial Strain:** Families often spend all their money searching for their missing child, travelling, or paying ransom to kidnappers pretending to be traffickers.
- **Family Conflict:** Sometimes, family members blame each other. ("You were the one who allowed her to go with that auntie!") This can break relationships apart.

4. National Consequences (Harm to Nigeria) Trafficking is not just a personal tragedy; it hurts the whole country.

- **Loss of Human Capital:** Nigeria loses its young, energetic future leaders, workers, and professionals. These are people who could have become doctors, teachers, or engineers to build the nation.
- **International Bad Image:** When other countries see that Nigerians are being trafficked, it gives Nigeria a bad reputation. It makes the country look unsafe and poorly governed.
- **Burden on Resources:** The government spends money on agencies like NAPTIP for rescue, rehabilitation, and court cases. This is money that could have been used to build schools or hospitals.

EVALUATION

1. What is *stigma*, and how does it make life hard for a returned victim?
2. Why is it very difficult for a trafficked child who missed school to escape poverty?
3. How does the search for a missing child affect a family's finances?
4. Explain what "Loss of Human Capital" means for Nigeria.
5. If you saw a returned victim being laughed at in your community, what would be the right thing to do?

ASSIGNMENT

1. **(Written Task):** Imagine a trafficked girl named Amina has just returned to your school. Write **three kind and welcoming sentences** you could say to her to make her feel accepted.
 2. **(Practical/Oral Task):** Discuss with a family member: What are **two things** a community can do to support the family of a missing child?
 3. **(Drawing/Written Task):** Draw a symbol or picture that represents "**Hope for a Trafficking Victim**" (e.g., a hand pulling someone up, a lighted candle). Write a one-word caption for it.
-

WEEK 3: PREVENTION OF HUMAN TRAFFICKING

OBJECTIVES By the end of the lesson, pupils should be able to:

1. List three ways to prevent human trafficking.
2. Explain the role of education/awareness.
3. Define border control.
4. Discuss why reporting suspicious activities is important.

CONTENT

1. Education and Public Awareness (The First Shield)

Knowledge is power. The best prevention is knowing the tricks so you can't be tricked.

- **School Campaigns:** Lessons like this one! Schools teach pupils their rights, what trafficking is, and the lies traffickers tell (e.g., "I'll get you a football scholarship in Europe").
- **Community Sensitization:** Churches, mosques, town unions, and radio jingles spread messages in local languages. They warn about fake job offers and the dangers of illegal travel.
- **Know the Red Flags:** If you know that a stranger offering a free trip or a job that sounds too good to be true is a major **red flag** (warning sign), you will be alert and say **NO**.

2. Economic Empowerment (Removing the Cause)

If people have opportunities at home, they are less likely to take dangerous risks.

- **Job Creation:** The government and companies need to create more jobs so that parents can work and care for their children.
- **Skill Acquisition:** Learning practical skills like tailoring, baking, smartphone repair, or farming gives young people a way to earn money **legally and safely** in their own communities.

3. Strong Laws and Border Control

- **Strict Laws:** Nigeria has laws that give long jail sentences to convicted traffickers. Strong punishment acts as a deterrent (it makes others afraid to try it).
- **Border Control:** This means officials at our **airports, seaports, and land borders** carefully checking people's travel documents.
 - They look for signs like a child travelling with an adult who is not their parent, or fake passports.
 - Their job is to stop traffickers from taking victims out of Nigeria. It is like a security guard for the whole country.

4. Citizen Vigilance and Reporting (Being Community Watchdogs)

Security agencies cannot be everywhere. Citizens must be their "eyes and ears."

- **What to Report:** If you see something suspicious—like a house where many young children seem scared and are never seen going to school, or a bus full of young girls looking confused with one controller—it should be reported.
- **Who to Report To:**
 - **NAPTIP Hotline:** 0703 0000 203
 - **The Police**
 - A trusted teacher, community leader, or your parents.
- **Your Role:** You don't have to confront anyone. Just tell a trusted adult what you saw.

HOW TO PREVENT TRAFFICKING: A SHARED RESPONSIBILITY

Who	What They Can Do
Pupils/You	Get educated, say NO to suspicious offers, report suspicious things.
Parents/Community	Teach children, be alert, report suspicious activities.
Government	Create jobs, make strong laws, fund NAPTIP and border control.
NAPTIP/Police	Arrest traffickers, rescue victims, create awareness.

EVALUATION

1. How does learning about trafficking in school help to prevent it?

2. Why is learning a skill like tailoring a form of protection against trafficking?
3. What is the main job of immigration officers at the airport in the fight against trafficking?
4. If you see something suspicious, why is it better to tell a trusted adult than to ignore it?
5. What is one "red flag" or warning sign of a possible trafficker's offer?

ASSIGNMENT

1. **(Practical/Drawing Task):** Design a **handbill** (small poster) that could be distributed in a market. It should have a clear warning message about trafficking and the NAPTIP emergency number.
2. **(Written Task):** List **three specific questions** a child should ask themselves if someone offers them an opportunity that involves travelling away from home (e.g., "Do my parents know and approve of this person?").
3. **(Oral/Research Task):** Find out and write down **one** practical skill (e.g., soap making, bead making) that young people can learn in your local community.

WEEK 4: SUPPORT FOR TRAFFICKING VICTIMS

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define rescue operations.
2. Explain the purpose of rehabilitation centers.
3. Discuss the importance of counseling.
4. Mention one agency that supports victims.

CONTENT

1. Rescue Operations

This is the dangerous and careful mission by **NAPTIP, the Police, or other security agencies** to find victims and take them away from their traffickers. It might involve raiding a hidden factory, a brothel, or a remote farm where victims are held. The main goal is to bring them to **safety immediately**.

2. Rehabilitation Centers (Shelters or Safe Houses)

After rescue, victims cannot just go home. They need a safe place to heal.

- **What it is:** A protected shelter, often a secret location, where victims can live temporarily.
- **What happens there:**
 - a. **Basic Care:** They receive food, clean clothes, a safe bed, and medical treatment for their physical wounds and illnesses.
 - b. **Safety:** The location is hidden to protect them from traffickers who might try to find them again.
 - c. **Rest:** They can finally sleep without fear.

3. Counseling and Therapy (Healing the Invisible Wounds)

The physical wounds may heal, but the mind needs special care.

- **Trained Counselors:** These are experts who help victims talk about their terrible experiences in a safe way. They do not judge; they listen and help.

- **Purpose of Counseling:** To help victims deal with fear, sadness, anger, and shame. It teaches them that what happened was not their fault and helps them regain confidence and hope for the future. It is like medicine for the mind.

4. Reintegration and Legal Support

- **Reintegration:** This is the process of carefully helping a victim return to their family and community. Counselors may talk to the family and community to prepare them, to reduce stigma and ensure the victim is accepted and safe.
- **Legal Support and Justice:** Lawyers help victims file cases against their traffickers. Going to court and seeing the trafficker punished can be an important part of healing. It helps the victim feel that justice has been done.

5. Supporting Agencies

- **NAPTIP:** The main Nigerian government agency. They do rescue, run shelters, provide counseling, and prosecute traffickers.
- **NGOs (Non-Governmental Organizations):** Groups like **UNICEF**, **WOTCLEF**, or **Pathfinders** often support NAPTIP by providing funds, training, or extra care for victims.

THE JOURNEY TO HEALING

EVALUATION

1. Why are rehabilitation centers often kept at secret locations?
2. What is the difference between a doctor treating a victim and a counselor helping a victim?
3. Why is it important to prepare a victim's family and community before they return?
4. What does NAPTIP stand for, and what is its most important job?
5. How does taking a trafficker to court help the victim?

ASSIGNMENT

1. **(Drawing Task):** Draw a picture of a **safe and peaceful** rehabilitation shelter. Show things that would make a victim feel calm (e.g., a bed, books, a counselor talking kindly).
 2. **(Written Task):** Write a short **letter of hope** (4-5 sentences) to an imaginary victim in a shelter. Encourage them and remind them they are brave and have a future.
 3. **(Practical/Oral Task):** Explain to a classmate, in your own words, why **counseling** is just as important as **medical care** for a rescued victim.
-

WEEKS 5 & 6: MIDTERM EXAM AND BREAK

WEEK 7: ADVANCED LIFE SKILLS FOR HEALTHY LIVING

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define Critical Thinking and Creative Thinking.
2. Explain the meaning of Interpersonal Relationships.
3. Define Empathy.
4. Discuss how to cope with emotions.

CONTENT

1. Critical Thinking vs. Creative Thinking

- **Critical Thinking:** This is "**thinking deeply**" before you believe or do something. It is like being a detective for your own mind.
 - **Steps:** **1. STOP. 2. ASK QUESTIONS:** "Is this true?" "Who said it?" "What is the evidence?" "What will happen if I do this?" **3. DECIDE** based on your answers.
 - **Example:** A friend says, "Skip school, let's go to the mall." A critical thinker asks: "What will my teacher/parents say? Will I miss important lessons? Could I get in trouble?" Then they say NO.
- **Creative Thinking:** This is "**thinking differently**" to come up with new ideas or solutions.
 - It's about asking "What if?" or "How else can this be done?"
 - **Example:** If your pen runs out of ink, a creative thinker might borrow one, use a pencil, or share with a friend instead of just giving up.

2. Building Good Interpersonal Relationships

This is about how you **get along with others**—friends, family, teachers, classmates.

- **Key Ingredients:**
 - **Respect:** Treating others the way you want to be treated.
 - **Good Communication:** Speaking kindly, listening when others talk, and expressing yourself clearly without shouting.

- **Cooperation:** Working together as a team, like during group projects or sports.
- **Why it matters:** Good relationships make us happy, supported, and help us succeed.

3. Empathy: The Most Important Skill Empathy is the ability to **understand and share the feelings of another person**. It is "putting yourself in their shoes."

- **How it works:** If you see a classmate who is sad because they failed a test, you remember how you felt when you failed. You don't laugh; you might say, "I'm sorry, can I help you study next time?"
- **Why it's powerful:** Empathy stops bullying, creates kindness, and builds strong friendships.

4. Coping with Emotions and Building Resilience

- **Coping with Emotions:** We all feel anger, sadness, fear, or jealousy. Coping means handling these feelings in healthy ways.
 - **Healthy ways:** Talk to a trusted adult, write in a diary, draw, take deep breaths, play a sport.
 - **Unhealthy ways:** Fighting, destroying things, keeping everything bottled up inside.
- **Resilience:** This is the "**bounce-back**" power. It's the ability to recover from difficulties, learn from them, and keep trying.
 - **Example:** If you fail a math test, a resilient person feels sad but then says, "I will ask the teacher for help, practice more, and do better next time." They don't give up.

Critical Thinking

Creative Thinking

Empahty

EVALUATION

1. What are the three main steps of critical thinking?
2. How is creative thinking useful when solving a problem like a blocked classroom drain?
3. Give a real example of how you showed empathy to someone this week.
4. If you feel very angry at a friend, what is one *healthy* way to cope with that anger?
5. What does it mean to be a "resilient" student?

ASSIGNMENT

1. **(Written Task):** Think of a problem in your school (e.g., littering). Use **creative thinking** to suggest one new, unusual solution.
 2. **(Practical/Oral Task):** Practice empathy. Talk to a family member and ask them, "How was your day?" Really listen to their answer. Later, write down one thing they felt (e.g., "tired," "happy").
 3. **(Drawing/Written Task):** Draw a comic strip of 3 panels showing a pupil being **resilient** after falling down during a race (Panel 1: Fall. Panel 2: Getting up. Panel 3: Trying again).
-

WEEK 8: MAKING SAFE AND HEALTHY CHOICES

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Define Risk Assessment.
2. Explain how to resist negative peer pressure.
3. List three rules for safe internet use.
4. Discuss the importance of mental health.

CONTENT

1. Risk Assessment (The Safety Check)

This is the habit of **pausing to think about possible dangers** before you act.

- **The Key Question: "What could go wrong?"**
- **How to do it:** Look at a situation, think of the bad things that could happen, and decide if it's worth it.
- **Examples:**
 - **Situation:** A stranger offers you a ride home. **Risk:** Kidnapping, accident with an unknown driver. **Assessment:** HIGH RISK. **Choice:** Say "No, thank you" and walk away.
 - **Situation:** A website asks for your home address. **Risk:** Strangers knowing where you live. **Assessment:** HIGH RISK. **Choice:** Close the website, tell an adult.

2. Resisting Negative Peer Pressure

Peer pressure is when friends try to influence you to do something. It can be positive (study together) or negative (do something wrong).

- **The Power of NO:** You have the right to say **NO** firmly, without giving a long explanation.
- **Refusal Skills:**
 - a. Say "**No, thanks.**" clearly.

- b. Suggest a better alternative ("Instead of stealing mangoes, let's ask the owner if we can buy some.").
- c. If they keep pressuring you, **walk away** and find other friends.
- **Remember:** Real friends will respect your "no." They will not force you into trouble.

3. Rules for Safe Internet and Social Media Use

The online world has real dangers. Be smart!

1. **Privacy is Golden:** Never share personal information online: your **full name, home address, school name, phone number, or parents' bank details**.
2. **Stranger Danger Online:** Someone you only know online is still a **stranger**. Do not agree to meet them in person alone. Tell a parent immediately if someone online asks to meet you.
3. **Think Before You Post/Share:** Once a picture or message is online, it can spread and never be fully deleted. Don't post mean comments, embarrassing photos, or anything you wouldn't want your teacher or grandma to see.
4. **Report and Tell:** If you see something scary, if someone is bullying you online (cyberbullying), or if you feel uncomfortable, **tell a trusted adult immediately**.

4. Understanding Your Health: Sexual and Mental

- **Sexual Health and Safety:** Your body is private. **No one** should touch the private parts of your body (the parts covered by your swimsuit) without your permission. If anyone tries or makes you feel uncomfortable, it is **NOT your fault**. Your duty is to **SHOUT, RUN, and TELL** a trusted adult.
- **Mental Health is Health Too:** It's about your feelings and thoughts. It's okay to feel sad, angry, or worried sometimes. But if these feelings are very strong, last for weeks, and stop you from enjoying life, you need to talk to someone—a parent, teacher, or school counselor. Asking for help is a sign of strength, not weakness.

MY PERSONAL SAFETY RULES

Situation	My Rule
Going out	I will tell my parents where I am going and when I'll be back.
Online	I will not share personal info or meet online friends.
My Body	No one touches my private parts without my okay. I will tell if they try.
My Feelings	If I am too sad or scared for a long time, I will talk to an adult I trust.

EVALUATION

1. What is the main question you should ask during "Risk Assessment"?
2. Your friends want you to help them cheat in an exam. Use your refusal skills to write what you would say.
3. Why is it dangerous to post your school uniform photo with your school's name visible online?
4. What are the three actions ("SHOUT, RUN, TELL") for?
5. Why is it important to talk about your feelings when you are very sad?

ASSIGNMENT

1. **(Practical/Written Task):** Create a "**Safety Promise**" list for yourself with 3 "I will..." statements (e.g., "I will always tell my parents before going online.").
 2. **(Role-play/Oral Task):** With a partner, act out a short scene where one person tries to pressure the other to do something wrong (e.g., copy homework), and the other person uses clear refusal skills.
 3. **(Drawing Task):** Design a "**Think Before You Click**" poster for your school computer lab or notice board.
-

WEEK 9: BUILDING A BETTER NIGERIA

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Identify youths as agents of change.
2. Define Entrepreneurship and Innovation.
3. Discuss the concept of Nation Building.
4. State a personal commitment to Nigeria's development.

CONTENT

1. Youths as Agents of Change

You are not just the **future** of Nigeria; you are its **present**. You have energy, fresh ideas, and the power to make a difference **now**. An **agent of change** is someone who takes action to make things better.

- **Examples of Youth Action:**
 - Organizing a clean-up day in your street or school compound.
 - Teaching an elderly neighbour how to use a mobile phone.
 - Starting a reading club for younger children.
 - Reporting a broken streetlight or leaking pipe to the right authorities.

2. Innovation and Entrepreneurship: Building Solutions

- **Innovation:** Creating **new and better ways** to solve old problems. It's about using your **creative thinking**.
 - *Example:* Seeing that people struggle to charge phones during power cuts, an innovator creates a small, affordable solar-powered charger.
- **Entrepreneurship:** Turning an innovative **idea** into a real **business** that solves a problem and provides jobs.
 - *Example:* A young person starts a business collecting plastic bottles and recycling them into useful items like flower pots. This solves a waste problem and creates income.

3. Nation Building: Our Collective Duty

Nation building is the work of **every single citizen** to make Nigeria more united, peaceful, and prosperous. It's like everyone adding one block to build a strong house.

- **Your part in it includes:**

- **Being a good citizen:** Obeying laws, respecting public property.
- **Promoting unity:** Making friends with people from other tribes and religions. Celebrating our diversity.
- **Having integrity:** Being honest in your work. If you are a class monitor, don't take bribes to ignore noise.
- **Valuing education:** Studying hard to become a knowledgeable and skilled adult who can contribute.

4. A Personal Vision and Commitment

Close your eyes and imagine the Nigeria you want to see in 20 years: **Clean cities, constant electricity, good roads, excellent schools where every child can learn, and jobs for everyone.**

- To get that Nigeria, you must **start building it today** with your actions, choices, and character.

EVALUATION

1. What does it mean to be an "agent of change" as a primary six pupil?
2. What is the difference between an *innovation* and an *entrepreneurship*?
3. How does "making friends with someone from a different tribe" contribute to nation-building?
4. If you see someone littering from a car, what is one nation-building action you could take (even if just in your mind)?
5. What is one personal habit you can build now that will help Nigeria in the future?

ASSIGNMENT

1. **(Written Task):** Write a short speech (5-7 sentences) titled "**The Nigeria I Will Help Build**". Mention one specific thing you will do.
 2. **(Practical/Oral Task):** Identify **one small problem** in your school or neighbourhood (e.g., waste, erosion). Use **innovative thinking** to suggest one simple, new solution.
 3. **(Drawing Task):** Draw a before-and-after picture. "Before": A current problem in your area. "After": How you hope it will look when citizens like you help to fix it.
-

WEEK 10: PREPARING FOR SECONDARY SCHOOL CITIZENSHIP

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Discuss the transition to secondary school responsibilities.
2. Explain what it means to be a role model.
3. Identify leadership opportunities in secondary school.
4. Define Life-Long Learning.

CONTENT

JUNIOR SECONDARY SCHOOL (JSS1): A NEW CHAPTER OF RESPONSIBILITY & GROWTH

1. The Transition: New Environment, Greater Responsibilities

- **Increased Independence:**
 - Manage your own time, subjects, uniform.
- **Larger Social Circle:**
 - Meet new people.
- **Key Responsibility:**
 - Choose friends wisely.

2. Becoming a Role Model

- **How to be one:**
 - Be punctual, neat, polite, hardworking.
- **Your good actions inspire others.**

3. Seeking Leadership Opportunities

- **Formal Roles:**
 - Class Captain, Assembly Prefect, Sports Captain.
- **Clubs and Societies:**
 - Debating, Press, Junior Engineers, Red Cross, Scouts.
- **Start Small:** Show leadership in group assignments.

4. Embracing Life-Long Learning

- **How?**
 - Read beyond syllabus, watch documentaries, ask questions, learn new skills.
- **Why?** The world changes. Keep learning to adapt.

Aspect	Primary School (Guided)	Secondary School (JSS1 - Independent)
Responsibility	More guided by teacher.	More personal responsibility.
Subjects	Fewer, integrated.	More, separate subjects & teachers.
Social Life	Known classmates for years.	Many new faces, bigger school.
Opportunities	Mainly class-based.	Clubs, sports, diverse leadership roles.

1. The Transition: New Environment, Greater Responsibilities

Moving to Junior Secondary School (JSS1) is a big step. You will have more freedom and more responsibility.

- **Increased Independence:** You will manage your own time between more subjects. You are responsible for your books, uniform, and getting to classes on time.
- **Larger Social Circle:** You will meet many new people from different backgrounds. This is a chance to make new friends and learn about others.

- **Key Responsibility: Choosing your friends wisely.** Use your **critical thinking** to befriend people who are serious, kind, and positive, not those who will pressure you into trouble.

2. Becoming a Role Model

A **role model** is a person whose behaviour is copied by others, especially younger people. In secondary school, JSS1 students are looked up to by primary pupils, and you will also have senior students to look up to.

- **How to be one:** By being **punctual** (never late), **neat** in your uniform, **polite** to teachers and peers, and **hardworking** in your studies. Your good actions inspire others.

3. Seeking Leadership Opportunities

Secondary school offers many platforms to develop leadership skills you've learned about.

- **Formal Roles:** Class Captain, Assembly Prefect, Library Prefect, Sports Captain.
- **Clubs and Societies:** Join the **Debating Society, Press Club, Junior Engineers/Technicians Club, Red Cross, Boy Scouts/Girl Guides, Cultural Dance Group**. These clubs teach teamwork, responsibility, and new skills.
- **Start Small:** Show leadership in group assignments by contributing fairly and encouraging others.

4. Embracing Life-Long Learning

Your education does **not** end after primary school, or even after university. **Life-long learning** is the mindset of staying curious and learning new things every day, throughout your life.

- **How?** Read books beyond your syllabus, watch educational documentaries, ask questions, learn a new skill (like coding or a craft), and be open to new ideas.
- **Why?** The world changes fast. To be a useful citizen and succeed, you must keep learning and adapting.

PRIMARY VS. SECONDARY SCHOOL: A NEW CHAPTER

Aspect	Primary School	Secondary School (JSS1)
Responsibility	More guided by teacher.	More personal responsibility.
Subjects	Fewer, integrated.	More, separate subjects & teachers.
Social Life	Known classmates for years.	Many new faces, bigger school.
Opportunities	Mainly class-based.	Clubs, sports, diverse leadership roles.

EVALUATION

1. What is one new responsibility you will have to manage by yourself in secondary school?
2. How can a JSS1 student be a role model to a primary four pupil?
3. Name one club in secondary school that focuses on (a) helping others (b) learning a skill.
4. What does "life-long learning" mean?
5. Why is choosing friends carefully an important part of the transition to secondary school?

ASSIGNMENT

1. **(Written Task):** Write **two SMART goals** for your first term in JSS1. (Specific, Measurable, e.g., "I will join one club," "I will improve my maths score by 10%.").
2. **(Research/Oral Task):** Find out from a sibling, cousin, or neighbour who is in secondary school: **What is the name of one interesting club in their school?** Write it down.
3. **(Drawing Task):** Draw yourself in your future secondary school uniform, looking confident and ready. Add a speech bubble with a positive message (e.g., "I am ready for this new challenge!").

WEEK 11: REVISION

OBJECTIVES By the end of the lesson, pupils should be able to:

1. Recall the consequences of human trafficking.
2. Summarize prevention strategies for trafficking.
3. Discuss life skills (empathy, resilience).
4. Answer questions confidently for the final exams.

This week is for **comprehensive revision and consolidation** of all topics from the Third Term, as well as key themes from your entire Primary 6 and primary education journey.

- **Theme 1: The Scourge of Trafficking (Weeks 1-4)**
 - **Consequences Recap:** Brainstorm in pairs: List 2 physical, 2 psychological, and 2 social consequences of trafficking.
 - **Prevention & Support:** Role-play: One pupil is a community educator explaining "How to say NO" to a suspicious offer. Another explains what NAPTIP does.
- **Theme 2: Equipping Yourself for Life (Weeks 7-8)**
 - **Life Skills Quiz:** Define: Critical Thinking, Empathy, Resilience, Risk Assessment.
 - **Scenario Analysis:** "You see a popular post online making fun of a classmate. What do you do?" (Tests empathy, critical thinking, online safety).
- **Theme 3: Your Role in Nigeria's Story (Weeks 9-10)**
 - **Discussion:** How are **innovation** and **good citizenship** both needed to build a better Nigeria?
 - **Future Planning:** Share your JSS1 goals with a partner. Discuss how the life skills learned will help you achieve them.
- **Overall Review Game:**
 - "Pass the Question" ball around the class. When the music stops, the holder answers a teacher's question from any term.

- Create a collective "Wisdom Wall" on the board where pupils write one most important lesson they will take away from Primary 6 Social Studies.

EVALUATION *(Teacher will select application-based and scenario questions from the Evaluation sections of Weeks 1-10, focusing on synthesis of ideas.)*

ASSIGNMENT

1. Create a **one-page "My Learning Journey" mind-map**. In the centre, write "Primary 6 Social Studies". Draw branches for "Citizenship", "Leadership", "Money", "The World", "Trafficking", "Life Skills", and "My Future". Write one key word on each branch.
2. Write a **thank-you and farewell note** to your Primary School. Mention **one way** the school helped you become a better citizen.
3. Write a **personal pledge** (5 promises) to yourself about the kind of Nigerian citizen and secondary school student you intend to be. (e.g., "I pledge to always stand up against bullying.").
