PRIMARY 4 SOCIAL AND CITIZENSHIP STUDIES LESSON NOTES

FIRST TERM

WEEK 1: NATIONAL VALUES I

OBJECTIVES

By the end of the lesson, pupils should be able to:

1. Define the term "Values" in simple terms.
2. Explain the meaning of honesty and truthfulness.
3. Describe how to show respect for others.
4. Identify acts of hard work and dedication in daily life.

CONTENT

1. Meaning of Values

Values are the important ideas and rules that guide how we think, speak, and act. They are like an invisible compass inside us that helps us know what is good and right. Good values make us better people, build trust with others, and help our community to be peaceful and happy.

Examples of good values: Honesty, Respect, Kindness, Hard work, Love, Courage.

2. Honesty and Truthfulness

Honesty means being real and truthful in everything you do. An honest person does not lie, steal, or cheat.

- **Truthfulness** is a part of honesty. It means telling the truth exactly as it happened.
- **Example at School:** If you accidentally tear a page in your friend's book, an honest person says, "I am sorry, I tore your book," instead of hiding it or saying the wind did it.
- **Example at Home:** If you eat the last piece of meat in the pot, you tell your mother instead of saying you don't know where it went.
- **Why it's important:** When you are honest, people believe you and trust you. Your parents and teachers can depend on your word.

3. Respect for Others

Respect means showing good manners and treating other people as important. It means you care about their feelings.

- **Respecting Elders:** In Nigeria, we show special respect to older people.
 - Greeting them properly every time you see them (e.g., bowing for Yoruba boys, kneeling for Igbo girls, saying "Good morning, Sir/Ma").
 - Not interrupting when they are talking.
 - Helping them with heavy loads or offering your seat.
- **Respecting Peers:** Treat your classmates and friends well.
 - Do not call them bad names or make fun of them.
 - Listen to their ideas during group work.
 - Say "Please," "Thank you," and "Excuse me."
- **Respecting Property:** Taking care of things that belong to others and to the public (like school chairs, library books).

4. Hard Work and Dedication

Hard work means putting in serious effort to do a task well. Dedication means not giving up until the job is finished and done properly.

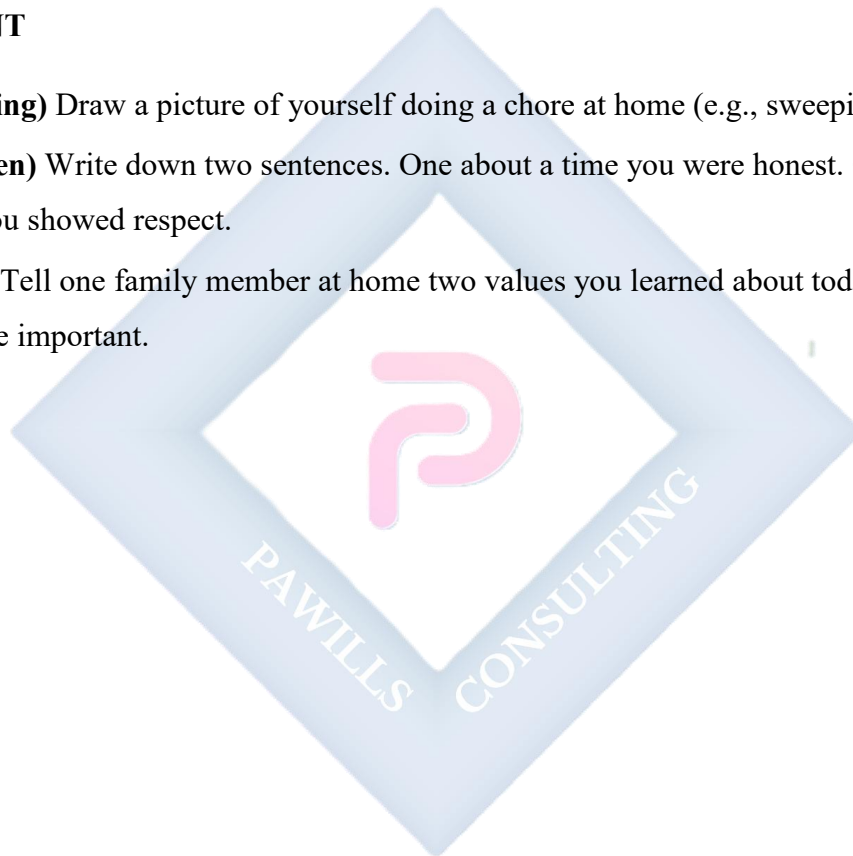

- **At School:**
 - Paying close attention to the teacher.
 - Doing your homework neatly and on time.
 - Practicing a difficult topic until you understand it.
- **At Home:**
 - Doing your assigned chores properly (e.g., sweeping until the corner is clean, washing plates until they are not oily).
 - Helping a younger sibling learn to tie their shoe laces patiently.
- **Why it's important:** Hard work leads to success. It makes you proud of what you have achieved and helps your family and school.

EVALUATION

1. Values help us to know what is _____ and _____. (good, right)
2. If you find a N50 note on the classroom floor that isn't yours, what should an honest person do?
3. Show me how you would greet your grandmother if she visited your school.
4. Is playing during study time an example of hard work? Why or why not?
5. Your friend is struggling to carry his books. What is the respectful thing to do?
6. Why is it better to tell the truth even when you are afraid of being punished?

ASSIGNMENT

1. **(Drawing)** Draw a picture of yourself doing a chore at home (e.g., sweeping, washing).
2. **(Written)** Write down two sentences. One about a time you were honest. One about a time you showed respect.
3. **(Oral)** Tell one family member at home two values you learned about today and why they are important.

- **How to Show Patriotism:**

- **National Symbols:** Respect the Nigerian flag, coat of arms, and currency. Stand at attention when the National Anthem is playing.
- **The Pledge:** Recite the National Pledge every morning in school with your right hand on your chest. Understand the words you are saying.
- **Good Citizenship:** Keep your environment clean, obey the laws, and speak well about Nigeria.
- **Learning:** Study hard to become a knowledgeable person who can help solve Nigeria's problems in the future.

2. Unity and Cooperation

- **Unity:** This means being together as one people, even though we are from different tribes (Yoruba, Igbo, Hausa, etc.), speak different languages, and have different cultures. Our motto is "Unity and Faith, Peace and Progress."
- **Cooperation:** This means working together as a team to get something done. It is like players in a football team passing the ball to each other to score a goal.
 - *Example in School:* Working with classmates from different backgrounds on a group project. Everyone contributes their ideas.
 - *Example at Home:* Brothers and sisters working together to clean the house quickly.

3. Tolerance and Peace Tolerance means accepting and respecting people who are different from you. Nigeria has many religions (Christianity, Islam, Traditional) and cultures.

- Live in peace with your neighbors, even if they are different.

4. Discipline and Self-Control

- **Discipline** is the ability to behave in a controlled and orderly way by following rules. It means doing what you should do, even when no one is watching you.
 - *Examples:* Queuing up at the tap or canteen without pushing, keeping quiet when the teacher steps out of the class, doing your homework before watching TV.

1. Define the term "Followership."
2. List at least three qualities of a good follower.
3. Explain the importance of obedience to rules and regulations.
4. Identify instructions to follow at home and school.

CONTENT

1. Meaning of Followership Followership is the ability to follow a leader or instructions well. In every group—your family, your class, your country—there are leaders and followers. You cannot have a leader without followers. A good follower is just as important as a good leader because they help the leader succeed.

- *Examples of Followers:* Pupils in a class (the teacher is the leader), players in a team (the captain is the leader), citizens in a country (the president is the leader).

2. Qualities of a Good Follower A good follower is active and helpful, not just silent. Key qualities are:

- **Obedience:** Doing what you are asked to do by those in authority (parents, teachers, class captain) when the instruction is good.
- **Loyalty:** Being faithful and supportive to your leader and your group. Not spreading gossip or betraying trust.
- **Honesty:** Giving your leader correct information and feedback, even if it's not what they want to hear.
- **Diligence:** Carrying out your duties with care and commitment.

GOOD FOLLOWER	POOR FOLLOWER
 Listens	 Ignores instructions
 Obeys good rules	 Breaks rules
 Supports leader	 Complains always
 Works hard	 Is lazy

3. Obedience to Rules and Regulations Rules are made to create order, ensure safety, and help things run smoothly.

- **Why We Obey Rules:**
 - **Safety:** "Look left and right before crossing the road" keeps you safe.
 - **Order:** "Line up quietly" helps everyone get food faster at the canteen.
 - **Learning:** "Raise your hand to speak" allows everyone in class to hear the teacher.
- **Rules at Home:** Bedtime rules, chore schedules, "no playing with fire."
- **Rules at School:** Uniform policy, punctuality, "no bullying."

4. Following Instructions This is a key part of followership. It involves:

1. **Listening Carefully:** Pay full attention when an instruction is given.
2. **Understanding:** Make sure you understand what to do. Ask politely if you are not sure.
3. **Acting Promptly:** Do the task as soon as you can, and do it well.
4. **Reporting Back:** Sometimes, you need to tell the person that you have finished the task (e.g., "Mummy, I have bought the salt you sent me.").

EVALUATION

1. In your classroom, who is the main leader? Who are the followers?
2. Mention two qualities that make you a good follower in your family.
3. What could happen if all pupils decided to disobey the rule "No running in the corridors"?
4. Your teacher says, "Take this note to the Head Teacher's office." What are the steps you should take to follow this instruction well?
5. Is blind obedience (obeying without thinking) always good? Why?
6. How does being a good follower help your class captain?

ASSIGNMENT

1. **(Written)** List three leaders in your community (e.g., Village Head, Pastor/Imam, School Principal) and one rule they might want followers to obey.
2. **(Practical)** Tonight, choose one instruction from your parents (e.g., "Set the table") and follow it perfectly. Note how it made them feel.
3. **(Drawing)** Draw a sequence of three pictures showing: 1) A teacher giving an instruction, 2) A pupil listening, 3) The pupil doing the task.

WEEK 4: FOLLOWERSHIP II

By the end of the lesson, pupils should be able to:

1. Explain why we must respect leaders.
2. Describe how to support good leadership.
3. Discuss the importance of speaking up against wrong actions.
4. Explain the balance between obeying and thinking (Constructive Followership).

CONTENT

1. Respecting Leaders Leaders have big responsibilities. Showing them respect makes their work easier and creates a positive environment.

- **How to Show Respect:**

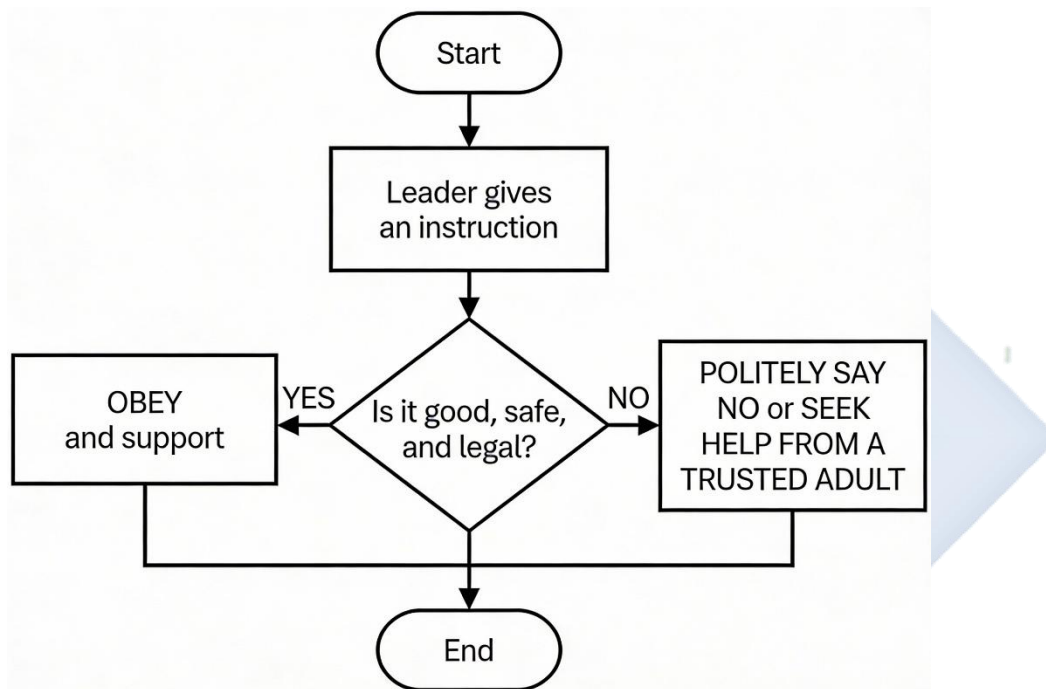

- Use polite titles and greetings (Mr., Mrs., Sir, Ma).
- Listen attentively when they are addressing you.
- Carry out their lawful instructions promptly.
- Do not insult or talk badly about them, especially behind their backs.

2. Supporting Good Leadership A leader cannot succeed alone. Followers support by:

- **Doing Your Part:** Excellently performing your own duties (e.g., as a class prefect, cleaning your section).
- **Offering Help:** Voluntarily assisting when you see the leader is overwhelmed.
- **Giving Encouragement:** A simple "Thank you, sir" or "Well done, ma" can motivate a leader.
- **Maintaining Peace:** By being orderly and resolving conflicts among yourselves, you allow the leader to focus on bigger plans.

3. Constructive Followership: Obeying vs. Thinking A good follower is not a robot. You must use your brain. This is called **constructive followership**.

- **You MUST OBEY** when the instruction is good, lawful, and for the benefit of all (e.g., "Clean up the playground," "Be quiet during exams").
- **You MUST QUESTION or REFUSE** if the instruction is bad, harmful, or illegal.
 - *Example:* If a class captain tells you to cheat in a test or to beat up another pupil, you must say **NO**.
 - *Example:* If a leader is about to make a mistake because they have wrong information, a good follower politely gives the correct information.

4. Loyalty and Trustworthiness

- **Loyalty** means standing by your leader and group through good and challenging times. It means not abandoning them for another group easily.
- **Trustworthiness** means being reliable. When a leader gives you a responsibility or tells you a secret for the good of the group, you keep it. You become someone they can depend on.

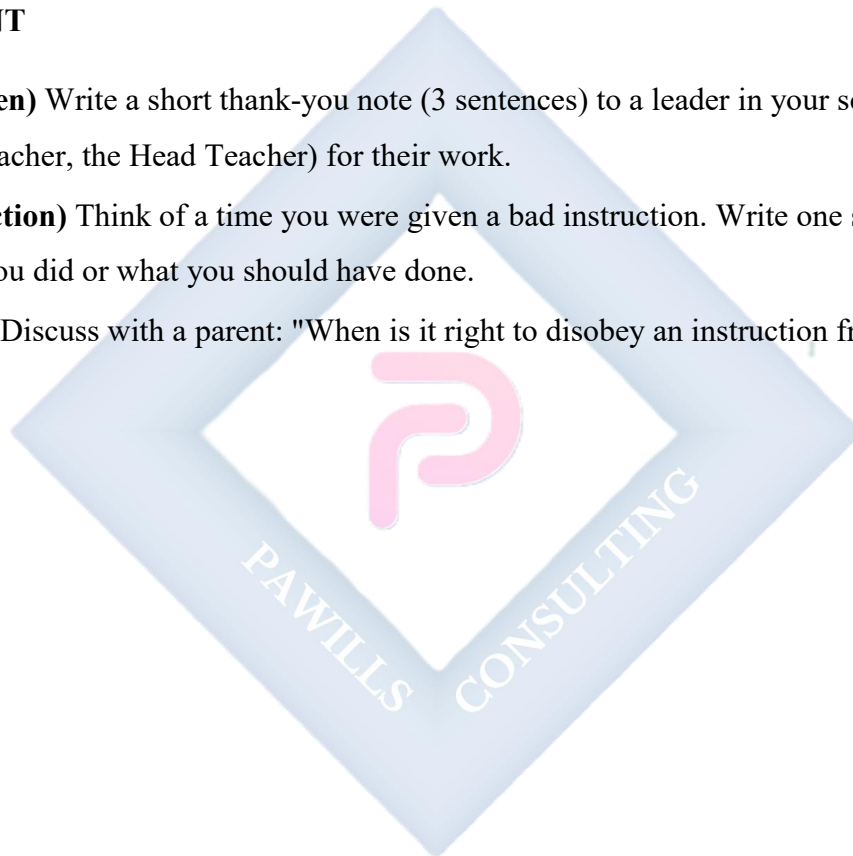

EVALUATION

1. How does showing respect to your teacher make the classroom a better place?

2. What is one practical way you can support your class captain this week?
3. Your friend who is a group leader tells you to hide a book another pupil lost. What should you do and why?
4. What is the difference between being loyal and blindly obeying a bad instruction?
5. Why is a trustworthy follower valuable to a leader?
6. If you see your class prefect about to punish someone unfairly, what can you do as a constructive follower?

1. Define "volunteerism."
2. Explain why people help others without pay.
3. Mention examples of volunteer work at school.
4. List the benefits of volunteering.

CONTENT

1. What is Volunteerism? Volunteerism is when you freely choose to do something good to help other people, animals, or your community **without expecting to be paid money for it**. The person who does this is called a **volunteer**. It comes from a kind heart.

2. Importance of Helping Without Pay

- **Builds a Better Community:** Volunteers fix problems quickly (e.g., cleaning a dirty area) without waiting for the government.
- **Shows Love and Unity:** It brings people together to work for a common good.
- **Makes You Feel Good:** Helping others gives you a warm, happy feeling inside. It is more valuable than money.
- **Teaches Selflessness:** You learn to think about others' needs, not just your own.

3. Volunteer Work at School You don't have to be an adult to volunteer! Pupils can volunteer too:

- Helping the teacher clean the whiteboard or arrange books.
- Staying back for 10 minutes after school to arrange chairs and tables.
- Being a "reading buddy" to a younger pupil who finds it hard to read.
- Watering the flowers in the school garden.
- Picking up litter on the football field even if you didn't drop it.

4. Benefits of Volunteering While you don't get paid with money, you get other important rewards:

- **You Learn New Skills:** You might learn how to plant flowers, organize an event, or teach someone.
- **You Make New Friends:** You meet other kind people who like to help.
- **You Gain Confidence:** You see that you can make a positive difference.
- **It Looks Good:** Teachers and future schools will see you as a responsible person.
- **Spiritual Reward:** Many religions teach that helping others pleases God.

ASSIGNMENT

1. **(Written)** Write down the names of two people you helped this week and what you did for them.
2. **(Plan)** Think of one small volunteer project you can do in school next week (e.g., "I will help tidy the class library"). Write down your plan.
3. **(Oral)** Tell a family member about volunteerism. Ask them if they have ever been a volunteer and what they did.

WEEK 3: CIVIC ACTIVITY (VOLUNTEERISM) II

OBJECTIVES

By the end of the lesson, pupils should be able to:

1. Identify simple volunteer activities suitable for children.
2. Describe how to clean the school compound as a group.
3. Explain the importance of visiting the sick and helping the elderly.

CONTENT

1. Simple Volunteer Activities for Children Children can be powerful volunteers. Here are more ideas:

- **At Home:** Help a younger sibling get ready for school, read a story to them.
- **In the Neighborhood:** Offer to fetch water for an elderly neighbor, help carry their shopping.
- **For the Environment:** Plant a tree in your compound, make a bird feeder.

- **Assign Tasks:** Group A picks paper, Group B picks plastics, Group C weeds.
- **Use Tools Safely:** Use rakes, brooms, and baskets. Wear gloves if possible.
- **Dispose Properly:** Separate biodegradable (leaves) from non-biodegradable (plastics) waste.
- **Celebrate:** Admire your clean school! You have all volunteered to make it beautiful.

3. Visiting the Sick and Helping the Elderly

- **Visiting the Sick:** When someone is ill, they can feel lonely and sad. A visit can cheer them up.
 - What to do: Go with an adult. Take a small gift (fruit, card). Talk about happy things. Pray for them if they wish.
- **Helping the Elderly:** Older people may have weak bodies. They need our patience and help.
 - What to do: Offer your seat on the bus. Help them cross the road. Speak clearly and politely. Listen to their stories—they have wisdom.

4. Community Service Community service is a form of volunteerism focused on improving the local area where you live. It often involves a group project.

- **Examples:**
 - A youth group clearing a blocked drain in the street.
 - A church group painting a local health centre.
 - A school club visiting an old people's home to sing and clean.
- It makes the entire community cleaner, safer, and more united.

1. Define money.
2. Identify the Nigerian currency (Naira and Kobo).
3. List the different denominations of Nigerian coins and notes.
4. Describe how to handle and take care of money properly.

CONTENT

1. Meaning of Money Money is anything that is generally accepted as a medium of exchange for buying goods and paying for services. Long ago, people used the **barter system** (exchanging goods for goods, e.g., yam for fish), but it was difficult. Money makes trading easy because everyone agrees on its value.

2. Nigerian Currency - Naira and Kobo Every country has its own currency (money).

- Nigeria's currency is the **Naira (₦)** and **Kobo (k)**.
- **100 Kobo = 1 Naira** (Just like 100 cents = 1 US Dollar).
- The symbol for Naira is ₦.

3. Denominations of Nigerian Money We have **coins** (metal money) and **notes** (paper money). The Central Bank of Nigeria (CBN) makes our money.

- **Common Notes We Use Today:** ₦5, ₦10, ₦20, ₦50, ₦100, ₦200, ₦500, ₦1000.
- **Coins:** 50 Kobo, ₦1, ₦2 (less common now).

4. Taking Care of Money Money costs money to print. We must handle it with care and respect.

- **Do Not:** Crumple, tear, write on, staple, or spray money at parties.
- **Do:** Keep notes flat in a wallet or purse. Keep coins in a money box or purse.
- **Why Care?**
 - Dirty or torn money can spread germs.
 - Banks may not accept badly damaged notes.
 - It shows you are a responsible person who values resources.

EVALUATION

1. Why is money better than the barter system?
2. What is the relationship between Kobo and Naira?
3. Which Naira note is green and has the picture of a former head of state?

3. **(Creative)** Design your own "Take Care of Money" poster with one rule and one drawing.

WEEK 5: MIDTERM EXAMINATION (Assessment of topics covered in Weeks 1-4)

 - *Examples:* Food, Water, Shelter (house), Basic clothes, Medicine, Education.
- **Wants:** Things we **would like to have** but can live without. They are for pleasure.
 - *Examples:* Ice cream, Video games, Fancy shoes, Toys, Cinema ticket.
- **Golden Rule:** Always spend money on your **Needs first**. If there is money left, then you can spend some on **Wants**.

NEEDS	WANTS
	
 	
	

2. Saving Money Saving means keeping some money aside for future use instead of spending it all now.

- **Why Save?**
 - For future needs (e.g., to buy a new school bag when the old one tears).
 - For emergencies (e.g., sudden sickness).
 - To buy something big (e.g., a bicycle).
- **Where to Save?**
 - **At Home:** In a piggy bank (kolo), a safe box.
 - **In a Bank:** Opening a children's savings account with your parents.

3. Spending Wisely and Avoiding Waste

- **Plan Before You Buy:** Do you really need it? Can you find it cheaper somewhere else?
- **Avoid Impulse Buying:** Don't buy something just because you see it and want it immediately. Think for a day.
- **Take Care of What You Buy:** If you buy a toy, play with it carefully so it doesn't break quickly. That is a waste of money.
- **Compare Prices:** If two shops sell the same biscuit, buy from the one that sells it for less.

4. Simple Budgeting for Children A budget is a simple plan for how you will use your money.

- **Example:** If you get ₦200 weekly allowance.
 - **Savings:** ₦50 (Put in kolo)

6. What is one thing the operator will need to know when you call?

ASSIGNMENT

1. **(Written)** Write "112" in big, bold numbers on a sheet of paper. Below it, write "NATIONAL EMERGENCY NUMBER".
2. **(Written)** List two situations where it is RIGHT to call the Police (not 112, but in general).

1. Describe how to call for help safely.
2. Explain how to give clear information on the phone during an emergency.
3. Memorize parents' and school contact numbers.
4. Define "Stranger Danger" regarding phone numbers.

CONTENT

1. Calling for Help Safely In an emergency, your safety comes first.

- **Ensure Your Safety:** If there is a fire or a robber, get to a safe place first (e.g., a neighbor's house, a locked room) **before** calling.
- **Stay Calm:** Take a deep breath. Panic makes it hard to think and speak clearly.
- **Know the Number:** Dial **112** carefully.

2. Giving Clear Information (The 4 Ws) When the operator answers, they need clear facts.

Remember the **4 Ws**:

- **WHO you are:** "My name is Chinedu."
- **WHAT happened:** "There is a fire in the kitchen" or "A man fell from a bike."
- **WHERE you are:** Give your full address or a clear landmark. "No. 5, Ayodele Street, near the mosque." If you don't know, describe: "A big yellow building near the market."
- **WHEN it happened:** "It just happened now" or "About 5 minutes ago."
- **Stay on the line** until the operator tells you it's okay to hang up.

3. Memorizing Important Contact Numbers Every child must know by heart:

- At least one **parent's/guardian's mobile number**.
- The phone number of your **home** (if you have a landline).
- The name and location of your **school**.

- **Practice reciting these numbers daily.** If you get lost, you can ask a police officer or trusted adult to help you call home.

4. "Stranger Danger" and Phone Numbers

- **Never give out personal information** like your home address, parents' phone numbers, or your school name to strangers, either in person or on the phone.
- If a stranger calls and asks for your parents' number, say "I cannot give that information" and tell your parents immediately.
- If a stranger asks you to call a number for them, politely refuse and walk away. They could be tricking you.

EVALUATION

1. Why is it important to get to a safe place before calling 112 in some emergencies?
2. What does the "W" for "WHERE" mean when reporting an emergency?
3. Why is it crucial for a child to know a parent's phone number by heart?

- The right not to be beaten in a cruel or harmful way.

- They could be a parent, a favorite aunt/uncle, a teacher, a school nurse, or a neighbour you've known all your life.

PRIMARY 4 SOCIAL AND CITIZENSHIP STUDIES LESSON NOTES

THIRD TERM

WEEK 1: NEIGHBOURHOOD SECURITY I

OBJECTIVES

By the end of the lesson, pupils should be able to:

1. Define the term "Security."
2. Explain the importance of knowing their neighbors.
3. Identify who a stranger is and how to watch out for them.
4. List three safety rules to observe at home.

CONTENT

1. What is Security? Security means being safe and free from danger, harm, or fear. It involves all the things we do to protect ourselves, our families, our property (like our house and belongings), and our community from bad people and dangers. Everyone has a right to feel secure.

2. Importance of Knowing Your Neighbors Neighbors are the people who live close to you, in the same street or compound.

- **They are your first line of help:** If you have an emergency at home and your parents are not around, a good neighbor can help.
- **They can watch your home:** When you travel, trusted neighbors can keep an eye on your house.
- **They create a community:** Knowing your neighbors makes your area friendlier and safer because people look out for each other. You can recognize who is a stranger.

3. Strangers and Suspicious Activities

- **A Stranger** is someone you do not know personally. **Not all strangers are bad**, but it is not safe to trust them immediately.
- **Suspicious Activities** are things that look strange or out of place. Examples:

- A person you don't know walking slowly and looking into people's windows or cars.
- A strange car parked in front of your house for a very long time with someone inside.
- Someone trying to open a gate or door that is not theirs.
- A person offering you sweets, money, or a ride for no reason.
- **What to do:** If you see something suspicious, quietly go inside and tell your parents or the nearest adult immediately. Do not confront the person.

4. Home Safety Rules for Children

1. **Locking Up:** Always ensure doors and gates are locked, especially when you are home alone with siblings.
2. **The Door Rule:** Never open the door for anyone you don't know when you are home alone. Use a peephole or window to check first. If they say they are from the electric company (PHCN) or need help, tell them to come back when your parents are home.
3. **Fire Safety:** Do not play with matches, lighters, or candles. Do not touch cooking gas.
4. **Playing Safe:** Do not play with sharp objects (knives, scissors) or climb high furniture/windows.

EVALUATION

1. What does it mean to be "secure"?
2. How can a good neighbor help you in an emergency?
3. What makes an activity "suspicious"?
4. A friendly-looking woman you don't know offers you a lift home from school because it's raining. What should you do?
5. Why is the "Door Rule" very important for children?
6. Mention one thing you should never play with at home.

ASSIGNMENT

1. **(Written)** With your parents' help, write down the names of two neighbors who live on your right and left.
2. **(Drawing)** Draw the front door of your house. Add a lock and a peephole. Write "CHECK BEFORE OPENING".
3. **(Role-play)** With a sibling or parent, practice what you would say if a stranger knocked on your door when you were alone. Write down your response.

WEEK 2: NEIGHBOURHOOD SECURITY II

OBJECTIVES

By the end of the lesson, pupils should be able to:

1. Mention community security measures used in the neighborhood.
2. Describe the role of vigilante groups and neighborhood watch.
3. Explain how to cooperate with security agents.
4. State personal safety tips for children.

CONTENT

1. Community Security Measures These are things communities do together to improve safety:

- **Physical Measures:** Strong fences/gates around compounds, street gates that are locked at night, bright security lights on streets and corners.
- **Organizational Measures:** Having a community security committee, collecting dues to pay for security.

2. Vigilante Groups and Neighborhood Watch

- **Vigilante Groups:** These are men and women from the community who volunteer to patrol the area, especially at night. They are not police officers, but they work with the police to scare away thieves. They know the area very well.
- **Neighborhood Watch:** This is when neighbors agree to be the "eyes and ears" for each other. They watch for strange happenings and report quickly. It is about **observation and communication**.

3. Cooperating with Security Agents Security agents include Police, Army (in special situations), Civil Defence, and licensed private security guards.

- **How to Cooperate:**
 - Be polite and respectful when they ask questions.
 - Tell them the truth if you witness something.
 - Do not hide or protect criminals, even if they are family members.

- Report crimes to them promptly.
- They are there to help, not to hurt good people.

4. Personal Safety Tips for Children

- **The Buddy System:** Always walk with a friend or sibling. Avoid walking alone, especially in lonely or dark places.
- **Stranger Alert:** Never accept gifts, sweets, or rides from strangers. If a stranger tries to grab you, scream "HELP! THIS IS NOT MY DAD/MUM!" and run to a crowded place.
- **Information Safety:** Memorize your parents' phone numbers and home address. Know how to contact them.
- **Trust Your Gut:** If a person or situation makes you feel scared or uncomfortable, get away quickly and tell an adult.

EVALUATION

1. How do security lights help to prevent crime at night?
2. What is the main job of a vigilante group?

ASSIGNMENT

1. **(Written)** List three security agents (officials) that work to keep Nigeria safe.
2. **(Research/Oral)** Ask your parents: "What security measures does our street/compound have?" (e.g., gate, night guard). Write down one.
3. **(Drawing)** Draw a picture of you walking home from school with a friend (the Buddy System).

WEEK 3: RESPONDING TO DIFFERENT FORMS OF ACCIDENT I

OBJECTIVES

By the end of the lesson, pupils should be able to:

1. Define an accident.
2. List three places where accidents can happen.
3. Explain the meaning of First Aid basics.
4. Describe why staying calm is important during an accident.

CONTENT

1. What is an Accident? An accident is an unplanned, unexpected event that happens suddenly and causes injury, damage, or harm. It is nobody's fault on purpose, but it can often be prevented by being careful.

2. Common Places for Accidents (Where they happen) Accidents can happen anywhere, but common places are:

- **Home:** The most common place! Slipping on wet floor, cuts from knives, burns from hot water/stove, falls from stairs/beds.
- **School:** Falls in the playground, collisions during sports, cuts from sharp pencils/scissors, bumps against furniture.
- **Road:** Vehicle crashes, bicycles falling, pedestrians being hit by vehicles.
- **Playground/Field:** Fractures from jumping or falling off swings.

Where Accidents Happen

3. First Aid Basics First Aid is the immediate and simple help given to an injured or suddenly ill person **before** a doctor or ambulance arrives.

- **Main Goals of First Aid:**
 - a. **Preserve life** (keep the person alive).
 - b. **Prevent the condition from getting worse.**
 - c. **Promote recovery** (help them heal).
- A **First Aid Box** contains items to give this help: Bandages, Plasters (Band-Aid), Cotton wool, Antiseptic (e.g., iodine, methylated spirit), Scissors, Gloves.

4. The Importance of Staying Calm In an accident, people often panic (become extremely frightened and confused).

- **Why Calmness is Key:**
 - It helps you think clearly and remember what to do.
 - It prevents you from doing something that could hurt the injured person more (like moving them wrongly).
 - It comforts the injured person. If they see you are calm, they will feel less scared.

- **What to do first?** Take a deep breath. Look around for an adult. If you are alone with the injured person, call for help loudly or call 112.

EVALUATION

1. What makes an event an "accident"?
2. Why is the home a common place for accidents?
3. What does "First Aid" mean?
4. Name three items you can find in a First Aid box.
5. What is the very first thing you should try to do when you see an accident?
6. How does panicking make an accident situation worse?

ASSIGNMENT

1. **(Drawing)** Draw and color a First Aid Box. Label two items inside it.
2. **(Written)** Look around your house. List two things that could cause an accident if you are not careful (e.g., a loose rug on the floor, a sharp knife left on the table).
3. **(Memorization)** Write down the National Emergency Number (112) five times.

WEEK 4: RESPONDING TO DIFFERENT FORMS OF ACCIDENT II

OBJECTIVES

By the end of the lesson, pupils should be able to:

1. Describe what to do when someone is hurt.
2. Explain basic first aid for cuts, burns, and falls.
3. List the "Do's and Don'ts" of first aid.
4. Mention ways to prevent accidents.

CONTENT

1. What to Do When Someone is Hurt (General Steps) Remember: S.A.F.E.

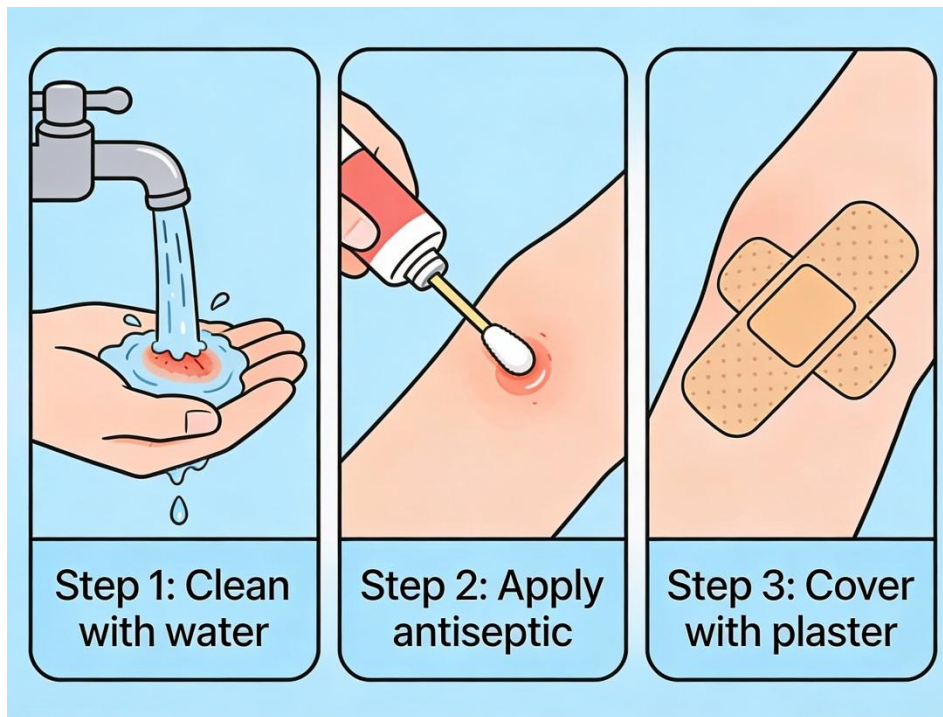

- **S - Safety First:** Make sure the area is safe for you to help. Is there fire? Traffic? Turn off electricity if it's an electric shock.
- **A - Assess:** Quickly check the person. Are they conscious? Can they talk? Where are they hurt?
- **F - Find Help:** Call an adult immediately. For serious injuries, call 112.
- **E - Emergency Aid:** Give only the basic first aid you know. Do not try to be a doctor.

2. Basic First Aid for Common Injuries

- **Small Cuts and Scratches (Bleeding):**
 - a. Wash your hands if possible.
 - b. Gently clean the wound with clean water.
 - c. Apply antiseptic (like iodine).
 - d. Cover with a plaster or clean cloth.
- **Burns (from fire, hot water, hot oil):**
 - a. **Cool the burn:** Hold the burnt area under cool, running tap water for at least 10-15 minutes. This stops the burning feeling.
 - b. **Do NOT** put ice, butter, oil, or toothpaste on a burn. This can make it worse.
 - c. Cover loosely with a clean, non-fluffy cloth.

- **Falls (Suspected Broken Bone/Fracture):**

- a. **DO NOT MOVE THE PERSON** if they cannot move the hurt part or if it looks crooked.
- b. Keep them still and warm.
- c. Call for an adult/ambulance immediately. Moving them can cause more damage.

3. First Aid Do's and Don'ts

- **DO:** Be gentle and reassuring. Talk to the injured person.
- **DO:** Wash your hands before and after helping.
- **DON'T:** Touch someone else's blood with your bare hands (use gloves or a plastic bag).
- **DON'T:** Give food, drink, or medicine to an unconscious person.

4. Accident Prevention (Safety Habits)

- **At Home:** Clean spills immediately, keep floors dry, store sharp objects safely.
- **At School:** Walk, don't run in corridors. Use playground equipment properly.
- **On the Road:** Always use pedestrian crossings, look left-right-left.
- **General:** Pay attention to your surroundings. Don't play with dangerous items.

EVALUATION

1. What does the 'S' in S.A.F.E. stand for? Why is it first?
2. What is the correct first thing to do for a fresh burn from a hot pot?
3. If your friend falls from a tree and says his arm hurts badly and looks bent, should you try to straighten it? What should you do instead?
4. Why shouldn't you use butter on a burn?
5. Mention one "DO" and one "DON'T" when giving first aid.
6. How can you prevent slipping accidents in your bathroom at home?

ASSIGNMENT

1. **(Written)** Write two things you should NEVER do when helping someone who is bleeding.
2. **(Practical List)** With an adult, check your home's First Aid box (or suggest items for one). List four items that are in it or should be in it.
3. **(Poster)** Create a small "Prevent Accidents at Home" poster with one rule and a drawing.

WEEK 5: MIDTERM EXAMINATION

(Assessment of topics covered in Weeks 1-4)

WEEK 6: MIDTERM BREAK

(Rest and relaxation period)

WEEK 7: PEER BEHAVIOURS AND DECISION MAKING I

OBJECTIVES

By the end of the lesson, pupils should be able to:

1. Define who "Peers" are.
2. Differentiate between good and bad peer influence.
3. Explain the importance of making good choices.
4. Demonstrate how to say "No" to wrong things.

CONTENT

1. Who are Peers? Peers are people who are about the same age, in the same class, or share similar interests as you. Your classmates, friends in your estate, and members of your sports team are your peers.

2. Good and Bad Peer Influence

- **Influence** is the power that someone has to affect how you think or act.
- **Good (Positive) Influence:** When your friends encourage you to do good things that make you better.
 - *Examples:* "Let's study together for the test." "Let's help the new pupil." "Let's play fairly."
- **Bad (Negative) Influence:** When your friends pressure you to do wrong or dangerous things.
 - *Examples:* "Let's skip class." "Let's cheat in the exam." "Let's bully that quiet boy." "Let's steal mangoes from that shop."

3. Making Good Choices Every day, you make choices. Before you act because your friends are doing it, ask yourself the **Decision-Making Questions**:

1. Is this **safe** for me and others?
2. Is this **right** and fair?
3. Will this make my **parents and teachers proud** of me?

4. How will I **feel** about myself afterwards?

- If the answer to any of these is NO, then it's a bad choice. Be brave to choose differently.

4. How to Say "No" to Peer Pressure It can be hard to say no to friends, but it is necessary for your safety and integrity.

- **Be Firm:** Look them in the eye and say "No, I don't want to do that."
- **Give a Reason:** "No, that's against the school rules." or "No, my parents will be angry."
- **Suggest an Alternative:** "No, let's go and play football instead."
- **Walk Away:** If they keep pressuring you, just walk away. Find other friends or go to a teacher.
- **Report:** If they are pressuring you to do something very bad or dangerous, you must report to a trusted adult.

EVALUATION

1. Are your older siblings your peers? Why or why not?
2. Give one example of how a friend can be a good influence on you.
3. What is one question you should ask yourself before joining friends to do something?
4. Your friends want you to help them hide a book they stole from the library. What should you say?
5. Why is walking away sometimes the best response to bad peer pressure?
6. Is it possible to still be friends with someone even if you say no to their bad idea?

ASSIGNMENT

1. **(Written)** Write the names of two friends who have been a good influence on you. Next to each name, write one good thing they encouraged you to do.
2. **(Role-play Script)** Write a short conversation where you say "No" to a friend who wants you to copy their homework.
3. **(Drawing)** Draw a picture of you shaking your head "NO" while your friend is offering you something wrong (like a cigarette drawing).

WEEK 8: PEER BEHAVIOURS AND DECISION MAKING II

OBJECTIVES

By the end of the lesson, pupils should be able to:

1. List qualities of a good friend.
2. Explain the meaning of positive peer pressure.
3. Describe the process of thinking before acting.
4. State the consequences of decisions.

CONTENT

1. Choosing Good Friends (Qualities of a Good Friend) A true friend helps you become a better person. Look for friends who are:

- **Honest:** They tell you the truth, even when it's hard.
- **Kind and Caring:** They share with you, help you when you're sad, and stand up for you.
- **Respectful:** They respect you, your belongings, and other people.
- **Hardworking:** They take their studies seriously and encourage you to do the same.
- **Trustworthy:** You can tell them a secret and know they won't tell everyone.

2. Positive Peer Pressure Pressure from peers is not always bad! **Positive peer pressure** is when your friends encourage you to do good things you might not have done on your own.

- *Example:* Your friends are all joining the school choir, and they encourage you to join too because you have a nice voice.
- *Example:* Your study group motivates you to read more so you can contribute to the discussion.
- This type of pressure helps you grow and improve.

3. The "Traffic Light" Decision-Making Rule This is a simple way to think before you act:

- **RED LIGHT = STOP.** Don't act immediately just because others are.

- **YELLOW LIGHT = THINK.** Ask yourself the decision-making questions. What are the possible outcomes? Who could get hurt?
- **GREEN LIGHT = GO or NO-GO.** If it's safe and right, you can go ahead. If it's unsafe or wrong, your decision is NO-GO. Walk away.

4. Consequences of Decisions A **consequence** is what happens as a result of a choice or action.

- **Good Choices lead to Positive Consequences:** Happiness, praise, rewards, good grades, trust from parents.
 - *Example:* Choosing to study -> Consequence: Passing your exams -> Feeling proud.
- **Bad Choices lead to Negative Consequences:** Punishment, sadness, injury, loss of trust, trouble.
 - *Example:* Choosing to fight -> Consequence: Being injured and suspended from school -> Feeling regret.

EVALUATION

1. Why is honesty an important quality in a friend?
2. What is "positive peer pressure"? Give one example.
3. In the Traffic Light rule, what should you do at the "YELLOW" stage?
4. What is a "consequence"?
5. What is a likely positive consequence of always doing your homework?
6. What is a likely negative consequence of stealing a classmate's pen?

ASSIGNMENT

1. **(Written)** List three qualities you have that make you a good friend to others.
2. **(Reflection)** Think of a recent decision you made. Was it good or bad? Write down one consequence that resulted from it.
3. **(Drawing)** Draw a traffic light. Color the lights Red, Yellow, Green. Label them with STOP, THINK, GO/NO-GO.

WEEK 9: INTRODUCTION TO DRUG ABUSE

OBJECTIVES

By the end of the lesson, pupils should be able to:

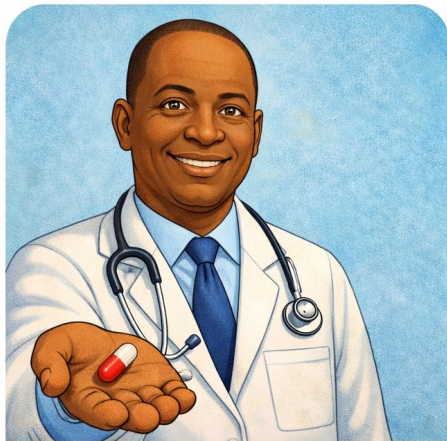

1. Define drugs.
2. Differentiate between good drugs (medicine) and bad drugs.
3. Explain the meaning of drug abuse.
4. List three effects of drug abuse.

CONTENT

1. What are Drugs? A drug is any substance (solid, liquid, or gas) that, when taken into the body, changes the way the body or mind works. They can come as tablets, syrups, injections, or leaves.

2. Good Drugs vs. Bad Drugs

- **Good Drugs (Medicines):** These are given by doctors, pharmacists, or your parents to treat an illness, relieve pain, or make you better when you are sick.
 - *Examples:* Paracetamol for fever, Antibiotics for infections, Cough syrup. They are safe when used **correctly as prescribed**.
- **Bad (Harmful/Dangerous) Drugs:** These are substances that are illegal or misused because they damage the brain and body. They are not medicines.
 - *Examples:* Marijuana (Igbo/Weed), Cocaine, Heroin, Sniffing glue or petrol, Drinking alcohol as a child, Smoking cigarettes.

GOOD DRUG:
MEDICINE
from a **DOCTOR**

BAD DRUG:
HARMS your
BODY and **MIND**

3. What is Drug Abuse? Drug abuse means:

- Using medicines without a doctor's prescription or in the wrong amount.
- Taking illegal drugs.
- Using substances like glue, petrol, or too much alcohol to get "high" (a strange feeling).
- It is a **bad habit** that can quickly become an **addiction** (when you cannot stop even if you want to).

4. Effects of Drug Abuse Drug abuse destroys lives. It can cause:

- **Health Problems:** Damages the brain, heart, liver, and lungs. Can lead to madness or death.
- **Bad Behavior:** Makes people violent, lazy, and dishonest. They may start stealing to buy drugs.
- **School Failure:** You cannot concentrate or remember what you learn. You may drop out of school.
- **Family Problems:** It brings shame and sadness to your family. Parents will be very disappointed.

- **Crime and Poverty:** Addicts often end up in prison or living on the streets.

EVALUATION

1. What is the main purpose of a good drug (medicine)?
2. Who is the only person who should give you medicine to take?
3. What does "drug abuse" mean?
4. Is it okay for a primary school pupil to drink a little beer? Why?
5. Mention two ways drug abuse can ruin a person's future.
6. Why do you think people start abusing drugs even though they know it's bad? (Possible answers: bad friends, curiosity, problems at home).

ASSIGNMENT

1. **(Written)** Write down the names of two common medicines you have at home and what they are for (e.g., Panadol - for headache).
2. **(Slogan)** Create a strong slogan against drug abuse (e.g., "DRUG ABUSE DESTROYS, SAY NO!").
3. **(Drawing)** Draw a big red circle with a diagonal line across it (the "NO" symbol). Inside the circle, draw a cigarette or a bottle.

WEEK 10: PREVENTION OF DRUG ABUSE

OBJECTIVES

By the end of the lesson, pupils should be able to:

1. Identify skills to cope with life (stress and anger).
2. Demonstrate how to say "No" to drugs.
3. List healthy activities to replace idleness.
4. Explain the importance of role models.

CONTENT

1. Life Coping Skills (Dealing with Problems Without Drugs) Sometimes people turn to drugs because they feel sad, angry, stressed, or lonely. Instead, use these healthy coping skills:

- **Talk It Out:** Share your feelings with a parent, teacher, or counselor. Don't bottle them up.
- **Exercise:** Play sports, run, dance. Physical activity makes you feel happy and releases stress.
- **Get Creative:** Draw, paint, write a story or poem, play music.
- **Rest and Relax:** Get enough sleep. Listen to calm music.
- **Pray or Meditate:** If you are religious, prayer can give you peace.

2. How to Say "No" to Drugs (Refusal Skills) If someone offers you drugs (a pill, a smoke, a drink):

1. **Say NO firmly and loudly.** "NO, I DON'T WANT IT!"
2. **Give a reason.** "No, it's bad for my health." "No, I want to be a footballer when I grow up."
3. **Suggest an alternative.** "No, let's go and play basketball instead."
4. **Leave the situation.** Walk away immediately.
5. **Report it.** Tell a trusted adult what happened and who offered it to you.

3. Healthy Activities to Stay Busy An idle mind is the devil's workshop. Keep busy with positive things:

- **Sports:** Football, basketball, swimming, athletics.
- **Clubs:** Join school clubs like Press Club, Red Cross, Debating Society.
- **Hobbies:** Reading, coding, learning a musical instrument, gardening.
- **Helping:** Volunteer in your community or at home.

4. Role Models and Self-Confidence

- **Role Model:** A person you look up to and want to be like because of their good character and achievements. Choose role models who are drug-free, hardworking, and kind (e.g., a good teacher, a responsible athlete, a caring parent).
- **Self-Confidence:** Believe in yourself and your abilities. You are unique and valuable. You do **not** need drugs to be "cool" or accepted. Confident people can say NO and choose good friends.

EVALUATION

1. What is a healthy way to deal with feeling very angry instead of taking drugs?
2. What is the first and most important word to use if someone offers you drugs?
3. Name two hobbies that can keep you too busy to think about drugs.

6. Why is it important to report someone who offers you drugs?

ASSIGNMENT

1. **(Written)** Write down the name of your role model and one reason why you admire them.
2. **(List)** Make a list of five fun, healthy activities you enjoy or would like to try.
